INCIDENT RESPONSE TABLETOP EXERCISE

THREAT READY

LRQA.com

LRQA

Your Risk Management Advantage

PREPARE. RESPOND. RECOVER.

The threat landscape is evolving rapidly. Even organisations with mature detection and response capabilities are vulnerable to sophisticated attacks. In today's environment, being able to **prevent, respond to, and recover** from incidents is essential - regardless of size or industry.

When an incident occurs, many organisations find themselves scrambling because their **Incident Response Plans (IRPs) have never been tested**. This lack of preparation can lead to confusion, delays, and potentially worsen the impact of an attack. Conducting a Tabletop Exercise allows organisations to practice their IRPs in a controlled environment, identify gaps, and ensure their teams are ready when it matters most.

LRQA is a National Cyber Security Centre (NCSC) Cyber Incident Exercising and Response Assured Service Provider, giving you confidence that our exercises meet the highest industry standards.

SERVICE PRINCIPLES

Proactive Defence

LRQA's team of seasoned cyber experts brings extensive experience in complex investigations, including ransomware attacks. We help organisations prepare before an incident strikes.

Value-Add Insights

We don't just assess readiness - we provide actionable recommendations to enhance resilience, improve response procedures, and increase your chances of successfully managing an attack.

Modular Service Approach

Our core offering can be tailored with additional services to meet your business needs and threat profile.

OUR APPROACH

1. Tabletop Preparation

We review your existing incident response processes and conduct a workshop to understand your business objectives. This ensures the exercise is relevant and aligned with your organisation's unique risks and priorities.

2. Tabletop Exercise

- Technical: Focused on IT and security teams
- Strategic: Designed for board-level decision-makers
- Comprehensive: Involving all relevant stakeholders across the organisation

3. Reporting and Recommendations

After the exercise, we provide a detailed report highlighting:

- What went well
- Areas for Improvement
- Practical recommendations to strengthen your incident response capability

Be ready before it's too late.

LRQA's Tabletop Exercises ensure your people, processes, and technology are aligned to handle incidents efficiently, reduce confusion, and minimise impact.

ABOUT LRQA

LRQA is a leading global risk management partner.

Through our connected risk management solutions, we help you navigate an evolving global landscape to keep you one step ahead.

From certification and cybersecurity, to safety, sustainability and supply chain resilience, we work with you to identify risks across your business. We then create smart, scalable solutions, tailored to help you prepare, prevent and protect against risk.

Through relentless client focus, backed by decades of sector-specific expertise, data-driven insight and on-the-ground specialists across assurance, certification, inspection, advisory and training, we support over 61,000 organisations in more than 150 countries.

LRQA – Your risk management advantage.
