LRQA

Your Risk Management Advantage

WHAT IS DCC?

The Defence Cyber Certification (DCC) is the Ministry of Defence's new organisation-wide cybersecurity assurance framework for suppliers in the defence sector. Developed with IASME, it provides independent validation that an organisation meets the cyber requirements aligned to DEFSTAN 05 138 and applicable risk levels.

DCC replaces previous inconsistent self assurance methods with a structured, evidence based certification process covering four levels (0–3), all beginning with Cyber Essentials.

WHAT TO EXPECT FROM LRQA

Gap Analysis & Readiness Review

Our experts interpret DEFSTAN 05 138 requirements and pinpoint where your posture falls short. We translate technical controls into clear, actionable improvements.

Tailored Remediation Planning

Based on your risk profile and target DCC level, we build a practical, achievable uplift roadmap shaped around how your business operates.

Hands On Expertise

Our defence grade consultants bring a unique blend of technical knowledge and real world experience in high assurance environments.

Independently Accredited

NCSC CHECK Green Light and CREST certified organisation with a strong pedigree in the defence sector, bringing deep expertise across Secure by Design, Cyber Essentials, risk management, and assurance.

Continuous Support

From documentation preparation to liaising with Certification Bodies, we ensure you meet every requirement with confidence, reducing friction, delays, and uncertainty during DCC assessment.

Global Capability

Consistent, reliable support across regions, providing assurance wherever your organisation operates.

ABOUT LRQA

LRQA is a leading global risk management partner.

Through our connected risk management solutions, we help you navigate an evolving global landscape to keep you one step ahead.

From certification and cybersecurity, to safety, sustainability and supply chain resilience, we work with you to identify risks across your business. We then create smart, scalable solutions, tailored to help you prepare, prevent and protect against risk.

Through relentless client focus, backed by decades of sector-specific expertise, data-driven insight and on-the-ground specialists across assurance, certification, inspection, advisory and training, we support over 61,000 organisations in more than 150 countries.

LRQA – Your risk management advantage.
