

Empower your board, elevate your mission

Meet a board management solution tailored to the needs of modern governance. From managing meetings, to building agendas, to fulfilling compliance obligations — BoardEffect is purpose-built to be intuitive and flexible, simplifying the work of board members, administrators and secretaries alike.

Board management software that delivers *more*.

More efficiency

Save time and resources by streamlining the core parts of your board management process — and meet the most pressing needs of your organisation head on.

More accessibility

Give your team full access — anytime, anywhere — to agendas, meeting minutes, board books, scheduling, etc., and unlock new levels of collaboration.

More security

Keep sensitive information safe with a comprehensive security programme coupled with state-of-the-art dedicated SOC2–certified infrastructure.

Empower your governance with *powerful tools*

2FA & Single Sign-on

Enhance security and simplify access with robust two-factor authentication and single sign-on features.

Customisable workflows

Tailor approval processes to your organisation’s needs with flexible approval trees, due dates and email templates.

AI board book summarisation

Generate a detailed summary of your board books with a single click, providing refined, actionable insights from your meeting materials.

Customizable reporting

Build custom reports with your BoardEffect data and access real-time reports that can lead to more effective strategic planning and decision-making.

Dynamic meeting book management

Get digital meeting books featuring customizable agendas, document integration and instant sharing capabilities.

Secure workrooms

Collaborate securely in designated virtual workspaces tailored for sensitive board discussions and document sharing.

Document libraries

Securely store and manage files in a centralised library for better document management.

Surveys and polls

Easily gather feedback and conduct votes through configurable surveys and polls.

Mobile app

Conduct board business anytime, anywhere with the free BoardEffect app.

Meeting management and video conferencing integrations

Manage meetings seamlessly with integrated scheduling, agenda creation and video conferencing tools.

“ BoardEffect is so easy to use that even governors who aren’t particularly tech-savvy found it straightforward. We’ve had 100% positive feedback from them about usability.”

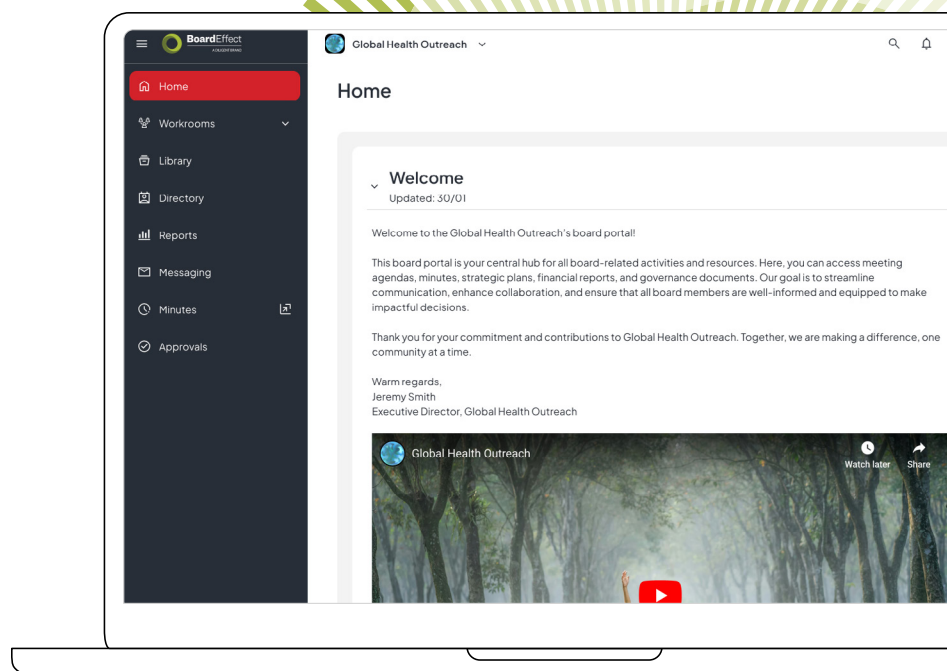

Alison Layton-Hill, Interim Head of Governance, Strode College Corporation
