Training

Full online usage, technical, and training documentation is provided as part of the subscription. However, if on-site training is required at the Client's offices, we will provide this under the 'Solution development & implementation' service area at the rate for the 'Enable' level of personnel: £900 per day. A maximum of 8 persons are permitted on each training course.

Setting-up

StatMap will provide the Client / Customer with all the necessary tools and documentation for setting the service up. StatMap will assist in better understanding their use, where required. However, where the client wishes to engage StatMap to do the setting up process on their behalf, performing the same function that the client could do using this same toolset, StatMap will charge for this time under the 'Solution development & implementation' service area at the rate for the 'Enable' level of personnel: £900 per day.

Payment Terms

Prior to the subscription service commencing, StatMap must be in receipt of an official purchase order from the subscribing organisation requesting subscription to the relevant service(s) for an initial period of 6 calendar months. The annual subscription fee is then to be paid in full within 4 weeks of the invoice date which StatMap will issue to the subscribing organisation.

If payment is not received within the 4-week period, StatMap will commence the stipulated Off-boarding process outlined in the relevant Service Definition document relating to that particular service.
