APPENDIX- Tableau International

Tableau International, UC – End User Agreement

Tableau has stipulated that the following terms and conditions (the “End User Agreement”) shall apply to a client of the Supplier who is licensed to receive Tableau Software. These terms and conditions have been imposed and the Supplier has no authority or ability to agree to any amendments.

1. Definitions

In this Appendix, references to “the End User” are references to the Buyer, references to “the Distributor” are references to the Supplier and the following terms have the following meanings:

- “Authorised User”** means each employee or contractor of the End User that is properly authorised by the End User, via the License Keys, to install and/or use the functionality of the Licensed Software for any purpose regardless of whether those individuals are actively using the programs at any given time;
- “Contractor”** means those independent third parties who perform services for the End User related to this End User Agreement;
- “Core”** means the processor or execution core contained in the same integrated circuit within a computer’s central processing unit, whether such Cores are virtual or physical;
- “Distributor Order Form”** means the Distributor order form, invoice or other order documentation pursuant to which the End User purchases a license to use the Distributor Product (which includes, by definition, the Licensed Software), in this case the “Call-Off Contract”;
- “Distributor Product”** means the specific products of the Distributor set out in the Distributor Order Form;
- “License Key”** means the license key required to access the Licensed Software;
- “Licensed Software”** means the Tableau software product(s) licensed under this Agreement;
- “User Documentation”** means any user manuals or other technical specification documentation generally made available by Tableau to its customers with regard to the Licensed Software.

2. Limited License.

Subject to the terms and conditions of this End User Agreement and all restrictions in the applicable Schedule, the Distributor grants to the End User a non- transferable, non-sublicensable, non-exclusive license, during the term specified in the Distributor Order Form, to use the Licensed Software in object code form solely as part of the Distributor Product, in accordance with the applicable User Documentation and solely for the Permitted Purpose. Each Authorised User must be uniquely identified as users of the Licensed Software. Licenses granted on an Authorised User basis may be reassigned between uniquely identified individuals over time, but may not be reassigned so frequently as to enable the sharing of a single license between multiple Authorised Users. End Users may allow its Contractors to use the Licensed Software in accordance with this End User Agreement, provided that the End User shall remain liable for all acts and omissions of its Contractors as if their breach were your own.

3. License Scope and Restrictions

3.1 Licensed Software.

In order to use the Licensed Software, the End User must activate and/or register its copy with a License Key.

3.2 User-Based Server License (“**Server Software**”):

The Authorised Users enabled to use such Server Software across all Production Environments must not exceed the number of licenses purchased on the Distributor Order Form. “User-Based” Server Software licenses may also be referred to in Tableau’s documentation as “Web Client” Server Licenses or “Interactor” Server Licenses.

3.3 Production Environments.

As it relates to the Server Software, the End User’s use of the Licensed Software for the purpose of creating, sharing, viewing and/or revising visualisations is considered use within a “**Production Environment**” and the End User is entitled to one (1) Production Environment for each Server Software license the End User purchases under this Call-Off Contract. The End User’s use of the Server Software in a Production Environment allows for a single Production Environment regardless of the fact that single Production Environment may consume all the Cores identified on the End User’s invoice or at the time of purchase.

3.4 Archive Copies.

The End User is entitled to make a reasonable number of copies of the Licensed Software for archival purposes.

3.5 License Restrictions.

Unless otherwise agreed in writing by Tableau, the End User shall not (and shall not allow any third party to): (a) decompile, disassemble, or otherwise reverse engineer the Licensed Software or Third-Party Code (as defined further herein) or attempt to reconstruct or discover any source code, underlying ideas, algorithms, file formats or programming interfaces of the Licensed Software or Third-Party Code by any means whatsoever (except and only to the extent that applicable law prohibits or restricts reverse engineering restrictions, or as permitted by an applicable Open Source Software license); (b) distribute, sell, sublicense, rent, lease or use the Licensed Software or Third-Party Code for time sharing, hosting, service provider or like purposes; (c) remove any product identification, proprietary, copyright, trademark, service mark, or other notices contained in the Licensed Software or Third-Party Code; (d) modify any part of the Licensed Software or Third-Party Code, create a derivative work of any part of the Licensed Software or Third-Party Code, or incorporate the Licensed Software or Third-Party Code into or with other software, except to the extent expressly authorised in writing by Tableau; (e) publicly disseminate performance information or analysis (including, without limitation, benchmarks) from any source relating to the Licensed Software; (f) utilise any equipment, device, software, or other means designed to circumvent or remove any form of License Key or copy protection used by Tableau in connection with the Licensed Software, or use the Licensed Software together with any authorisation code, License Key, serial number, or other copy protection device not supplied by the Distributor (or Tableau); (g) use the Licensed Software to develop a product which is competitive with any Licensed Software offerings; (h) use unauthorised License Keys or keycode(s) or distribute or publish keycode(s) except as may be expressly permitted by Tableau in writing; (i) as applicable to a User-Based Server, enable access to the Licensed Software for a greater number of Authorised Users than the sum quantity of licenses purchased on the applicable Distributor Order Form(s); or (j) as applicable to a User-Based Server reassign license rights between Authorised Users so frequently as to enable a single license to be shared between Authorised Users.

4. Ownership. Notwithstanding anything to the contrary, except for the limited license rights expressly provided to the End User, Tableau and its licensors have and will retain all rights, title and interest (including without limitation all patent, copyright, trademark, trade secret and other intellectual property rights) in and to the Licensed Software, Third-Party Code and all copies, modifications and derivative works thereof (including any changes which incorporate any of the End User’s ideas, feedback or suggestions). The End User acknowledges that it is obtaining only a limited license right to the Licensed Software and Third-Party Code and that irrespective of any use of the words “purchase”,

“sale” or like terms hereunder no ownership rights are being conveyed to the End User under the End User Agreement or otherwise.

5. Confidentiality. The End User acknowledges that, it may obtain information relating to the Licensed Software or Tableau, including, but not limited to, code, technology, know-how, ideas, algorithms, testing procedures, structure, interfaces, specifications, documentation, bugs, problem reports, analysis and performance information, and other technical, business, product, and data (“**Tableau Confidential Information**”). The End User shall not disclose Tableau Confidential Information to any third party or use Tableau Confidential Information for any purpose other than the use of the Licensed Software as licensed under the End User Agreement.

6. Warranty Disclaimer. EXCEPT FOR ANY WARRANTY THAT MAY BE OFFERED BY THE DISTRIBUTOR, THE LICENSED SOFTWARE, INCLUDING WITHOUT LIMITATION THE THIRD-PARTY CODE, IS PROVIDED “AS IS” AND TABLEAU MAKES NO WARRANTIES TO ANY PERSON OR ENTITY WITH RESPECT TO THE LICENSED SOFTWARE AND DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION WARRANTIES OF TITLE, NON- INFRINGEMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

7. Limitation of Damages and Remedies

IN NO EVENT SHALL TABLEAU BE LIABLE UNDER CONTRACT, TORT, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH THE LICENSED SOFTWARE. NOTWITHSTANDING ANYTHING IN THE END USER AGREEMENT TO THE CONTRARY, THE TOTAL LIABILITY OF TABLEAU TO THE END USER, INCLUDING BUT NOT LIMITED TO DAMAGES OR LIABILITY ARISING OUT OF CONTRACT, TORT, BREACH OF WARRANTY, INFRINGEMENT OR OTHERWISE, SHALL NOT IN ANY EVENT EXCEED THE FEES PAID BY THE END USER UNDER THE DISTRIBUTOR FORM WITH RESPECT TO THE LICENSED SOFTWARE. TABLEAU SHALL NOT BE LIABLE FOR LOSS OR INACCURACY OF DATA, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, SYSTEM DOWNTIME, GOODWILL, PROFITS OR OTHER BUSINESS LOSS, REGARDLESS OF LEGAL THEORY, EVEN IF TABLEAU HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

THE PARTIES AGREE THAT THE LIMITATIONS OF THIS SECTION ARE ESSENTIAL AND THAT TABLEAU WOULD NOT PERMIT THE END USER TO USE THE LICENSED SOFTWARE ABSENT THE TERMS OF THIS SECTION. THIS SECTION SHALL SURVIVE AND APPLY EVEN IF ANY REMEDY SPECIFIED IN THE END USER AGREEMENT SHALL BE FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE.

8. Export Compliance. The End User acknowledges that the Licensed Software is subject to United States export control and economic sanctions laws, regulations and requirements and to import laws, regulations and requirements of certain foreign governments. The End User shall not, and shall not allow any third party to, export from the United States or allow the re-export or re-transfer of any part of the Licensed Software: (i) to any country subject to export control embargo or economic sanctions implemented by any agency of the U.S. Government; (ii) to any person or entity on any of the U.S. Government’s Lists of Parties of Concern (<http://www.bis.doc.gov/index.php/policy-guidance/lists-of-parties-of-concern>); (iii) to any known end-user or for any known end-use related to the proliferation of nuclear, chemical or biological weapons or missiles, without first obtaining any export license or other approval that may be required by any U.S. Government agency having jurisdiction with respect to the transaction; or (iv) otherwise in violation of any export or import laws, regulations or requirements of any United States or foreign agency or authority.

9. Government End-Users. The Licensed Software is commercial computer software. If the user or licensee of the Licensed Software is an agency, department, or other entity of the United States Government, the use, duplication, reproduction, release, modification, disclosure, or transfer of the Licensed Software, or any related documentation of any kind, including technical data and manuals, is restricted by a license agreement or by the terms of this Call-Off Contract in accordance with Federal Acquisition Regulation 12.212 for civilian purposes and Defense Federal Acquisition

Regulation Supplement 227.7202 for military purposes. The Licensed Software was developed fully at private expense. All other use is prohibited.

10. Third-Party Code. The Licensed Software may contain or be provided with components which are licensed from third parties ("Third Party Code"), including components subject to the terms and conditions of "open source" software licenses ("Open Source Software"). Open Source Software may be identified in the Documentation, or in a list of the Open Source Software provided to the End User upon the End User's written request. To the extent required by the license that accompanies the Open Source Software, the terms of such license will apply in lieu of the terms of this Call-Off Contract with respect to such Open Source Software, including, without limitation, any provisions governing access to source code, modification or reverse engineering.

11. Termination and Survival. This End User Agreement shall be immediately terminated in the event of a material breach thereof by the End User. Upon any such termination (or expiration of the license term of the End User Agreement), the End User must immediately cease use of the Licensed Software and remove the Licensed Software from its systems. The terms set forth in the sections entitled License Restrictions, Ownership, Confidentiality, Warranty Disclaimer, Limitation of Damages and Remedies shall survive any termination of the End User Agreement.

SUPPLIER TERMS AND CONDITIONS PART B

SUPPLIER TERMS AND CONDITIONS VERSION 5.1 ("TERMS AND CONDITIONS") ADOPTED: 02/2026

SECTION A: CORE TERMS

These Core Terms shall always apply.

- 1.4.2. it has obtained and will continue to hold all necessary licences, consents, permits and agreements required for it to comply with its obligations under this Call-Off Contract and for the grant of rights to the other party under this Call-Off Contract; and
- 1.4.3. the use by the other party as permitted by this Call-Off Contract of any information, data, software, documentation, scorecards and/or services which it provides to the other party shall not infringe any third party Intellectual Property Rights in the Territory.

1.5. The warranties expressly set out in this Call-Off Contract are the only warranties that each party gives to the other in respect of the subject matter of this Call-Off Contract. All other warranties, representations or terms of equivalent effect that might be implied by law are excluded to the extent permitted by law.

2. TERM

2.1. This Call-Off Contract shall be deemed to have commenced on the Commencement Date and, subject to the provisions for early termination set out in this Call-Off Contract, shall continue for the Initial Term and thereafter unless terminated by either party serving on the other not less than the Minimum Notice Period to expire on or after the end of the Initial Term.

3. PAYMENTS AND INVOICING

- 3.1. The Buyer shall pay the fees set out in the Call-Off Contract.
- 3.2. Apart from any sums which are stated in the Call-Off Contract to be payable in accordance with a specified payment timetable, all sums payable by the Buyer to the Supplier will be invoiced monthly in arrears. All invoices are payable in cleared funds within 30 days after the date of the relevant invoice. If the Buyer (acting reasonably and in good faith) believes that the amount of any invoice submitted by the Supplier under this Call-Off Contract is incorrect, the Buyer shall notify the Supplier of this and the reasons for this belief and of the amount of the invoice which it believes to be incorrect (the "Disputed Amount"). Provided that any such notification and payment of the invoice other than the Disputed Amount have been received by the Supplier by the due date for payment of the invoice (the "Due Date"), the Buyer shall be entitled to withhold payment of the Disputed Amount until the date on which the relevant dispute is resolved by the parties. Both parties shall act reasonably and promptly in attempting to resolve any such dispute.
- 3.3. If any sum payable by the Buyer to the Supplier other than a Disputed Amount is not paid in cleared funds by its due date, subject to Clause 3.2, the Supplier shall be entitled to charge interest on the overdue amount at 2% per annum above Barclays Bank plc's base rate from time to time. Interest will accrue on a daily basis from the due date up to the date of actual payment, after as well as before judgment. In addition, the Supplier shall, on giving written notice to the Buyer, be entitled to suspend provision of the Services with immediate effect until the overdue amount is paid in full.
- 3.4. Any such amount shall be payable to the Supplier as a debt.
- 3.5. All sums referred to in this Call-Off Contract are exclusive of VAT or any other similar sales or turnover tax (if applicable); such taxes shall be payable on the same payment terms as apply to the sums to which the taxes relate.
- 3.6. The fees set out in the Call-Off Contract will be fixed, save that the Supplier shall be entitled to increase the fees on the date(s) set out in the Call-Off Contract (or, if none, then each anniversary of the Commencement Date) by such percentage as is equal to the percentage increase in the Relevant Index for the most recent period of 12 consecutive months for which figures are available.

4. NATURE AND USE OF THE SERVICES

- 4.1. The Supplier's services are not intended to be used as the sole basis for any business decision, nor to relieve the Buyer of its obligation to comply with its own obligations under Applicable Law. Supplier Data is based upon data which is provided by third parties, the accuracy and/or completeness of which it would not be possible and/or economically viable for the Supplier to guarantee. The Supplier's services also involve models and techniques based on statistical analysis, probability and predictive behaviour. The Buyer acknowledges that it is prudent to use, and it is responsible for using, the Services as one of a number of factors in its decision-making process, and for determining those other factors. Therefore, the Supplier will be liable if it fails to comply with its obligation under Clause 1.1.2 but the Supplier is not able to accept any other liability for:
 - 4.1.1. any inaccuracy, incompleteness or other error in the Supplier Data which arises as a result of data provided to the Supplier by the Buyer or any third party; or
 - 4.1.2. any failure of the Services to achieve any particular result for the Buyer or any Permitted User.
- 4.2. The Buyer agrees that it will:

- 4.2.1. use the Services, and/or Supplier Materials provided under this Call-Off Contract, for the Permitted Purpose only and in accordance with any Documentation;
- 4.2.2. not sell, transfer, sub-license, distribute, commercially exploit or otherwise make available to, or use for the benefit of, any third party any of the Services, and/or Supplier Materials provided under this Call-Off Contract, except as specifically permitted by this Call-Off Contract;
- 4.2.3. not (and will not allow any third party to) adapt, alter, modify, reverse engineer, de-compile or otherwise interfere with any Supplier Materials provided under this Call-Off Contract without the prior written consent of the Supplier or as otherwise permitted by law; and
- 4.2.4. only take such copies of the Supplier Materials as are reasonably required for the use of the Supplier Materials in accordance with this Call-Off Contract.

5. COMPLIANCE AND AUDIT

- 5.1. Each party shall in connection with the provision or use of the Services (as appropriate) comply with all Applicable Laws which are applicable to that party.
- 5.2. Each party shall permit the other (on reasonable notice and during normal working hours and (save where the party being audited is, or is reasonably suspected of being, in material breach of this Call-Off Contract) no more than once per Contract Year) to audit the first party's compliance with its obligations under this Call-Off Contract in relation to the use of any software, data or other materials. If either party wishes to carry out an additional audit in any Contract Year, it shall reimburse the party being audited for any costs reasonably and properly incurred in connection with supporting such additional audit. The party carrying out the audit shall:
 - 5.2.1. observe the other party's procedures relating to the protection of confidential information about any clients or customers of the other party; and
 - 5.2.2. take all reasonable steps to minimise disruption to the other party's business during such audit.
- 5.3. User Access Devices are (where applicable) provided by the Supplier to enable the Buyer to access and use the Services in accordance with the terms of this Call-Off Contract. The Buyer shall ensure that any User Access Device(s) are not copied, interfered with and/or used in any unauthorised way.
- 5.4. It is the Buyer's responsibility to inform the Supplier of any unauthorised use and/or disclosure of any User Access Device so that the Supplier can suspend or disable that User Access Device as appropriate. The Buyer shall remain liable for any and all fees for the Services incurred in connection with the use of any User Access Device, until the Buyer has informed the Supplier.
- 5.5. Each party will cooperate and share information with the other as reasonably necessary from time to time (including in circumstances where the parties may individually or collectively have caused harm to end consumers) to ensure that both parties discharge their regulatory obligations, and in order to help achieve positive consumer outcomes.
- 5.6. Consumer Duty (where applicable). Without prejudice to the general obligations under Clause 5.5 in respect of consumer harm, each of the parties agree that in the event Consumer Duty applies in the provision or use of the Services (as appropriate), the parties shall comply with Consumer Duty and the following provisions will apply:
 - 5.6.1. Where Consumer Duty applies in the Buyer's use of Services the Buyer must determine itself how to distribute products in a way that supports good customer outcomes.
 - 5.6.2. Permitted Purpose. The Buyer must comply with the provisions of Clause 15.1 including (but not limited to) using the Services in accordance with the Permitted Purpose and any other provisions relating to use of the Services or restrictions on the use of the

Services set out in the Call-Off Contract. In addition to any audit rights described within this Clause 5, the Supplier reserves the right to assess and monitor whether the Buyer is in compliance with the Permitted Purpose and any usage rights and restrictions in the Call-Off Contract and its obligations under this Call-Off Contract. The Buyer will provide the Supplier with any materials the Supplier reasonably requests in order to conduct such an assessment. The Buyer is also obligated to report back to the Supplier any non-compliances with the Permitted Purpose and any usage rights or restrictions. In the event that in the Supplier's reasonable judgement the Buyer's use of the Services is not compliant with the Permitted Purpose or any usage rights and restrictions set out in the Call-Off Contract or the Buyer is in breach of its obligations in relation to Consumer Duty, the following process applies:

- 5.6.2.1. the Supplier will notify the Buyer in writing specifying the non-compliance and grant the Buyer 15 days to remedy any non-compliances and ensure its use of the Services complies with the Permitted Purpose and any usage rights and restrictions.
- 5.6.2.2. If the Supplier in its sole discretion judges the Buyer to still be non-compliant after such remediation period set out in Clause 5.6.2.1, the Supplier reserves the right to suspend the Buyer's use of the Services by serving written notice and grant the Buyer a period of remediation of 28 days after receipt of the suspension notice within which to remedy the non-compliance.
- 5.6.2.3. In the event of the non-compliance being remedied within the remediation period set out in Clause 5.6.2.2 the Supplier will lift the suspension. Otherwise, the Supplier reserves the right to terminate this Call-Off Contract immediately by serving written notice to the Buyer in the event that either:
 - 5.6.2.3.1. the non-compliance is not capable of remedy; or
 - 5.6.2.3.2. the non-compliance is capable of remedy and the Buyer has failed to remedy the non-compliance in accordance with the timelines set out in Clause 5.6.2.2 above.
- 5.6.3. Cross-cutting Rules. The following provisions apply:
 - 5.6.3.1. the parties agree to act in good faith towards retail customers;
 - 5.6.3.2. the parties must avoid causing foreseeable harm to retail customers; and
