1 Introduction

1.1 Purpose

This document provides the pricing for RIVIAM's G-Cloud 15 product range. Each product listed on G-Cloud 15 is listed in this document. Simply find the product listed in G-Cloud to see a pricing schedule.

Each pricing schedule has the mandatory pricing for the product first. Then the optional components that can be purchased with the service are listed.

1.2 Patient / Person

Throughout this document, patient has been used interchangeably with person. RIVIAM products are designed to be use in and across health and social care. The scope of the project applies equally to health and social care and is also designed to support services working in an integrated fashion.

1.3 VAT

All prices are quoted exclusive of UK HMRC VAT.

1.4 Pricing for existing G-Cloud 14 contacted customers

If a customer has an existing G-Cloud 14 contract with RIVIAM for the same service in G-Cloud15, RIVIAM will charge only the recurring costs. If the Customer selects new services, then G-Cloud15 setup and recurring costs will be charged.

1.5 Pricing structure

This document contains two sections:

- 1) Mandatory pricing components that must be taken with this product
- 2) Optional components that the Customer may decide to purchase with the service.

1.6 Payment structure

Customers are required to pay 80% of setup fees on commencement of the Contract. The remaining 10% when a service moves into user acceptance testing, and then the final 10% on go-live.

The recurring monthly amounts start one month before the live agreed service date.

2 RIVIAM Service Directory

2.1 Mandatory pricing

The following pricing components must be selected with this product:

Component #	Description	Setup Cost £	Recurring Monthly £
