Public Sector Accessibility Regulations: **Are Your PDFs Compliant?**

Under the Public Sector Bodies Accessibility Regulations (PSBAR), all public sector websites and documents, including PDFs, forms, reports, and downloadable content must meet WCAG 2.1 AA accessibility standards.

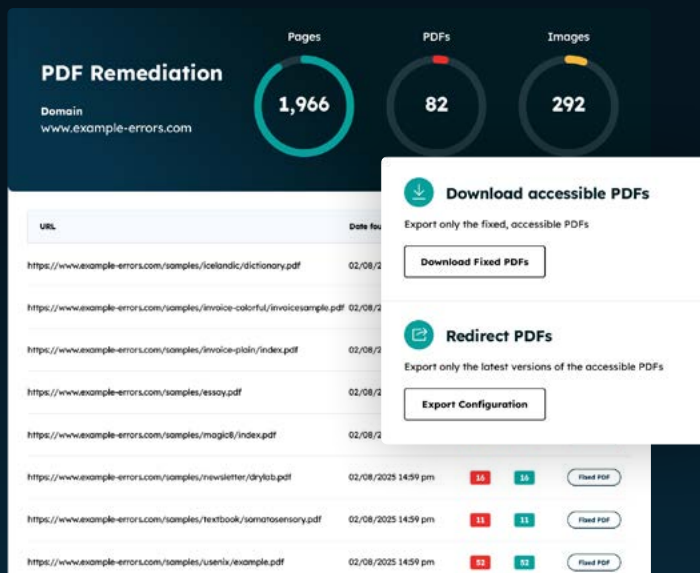

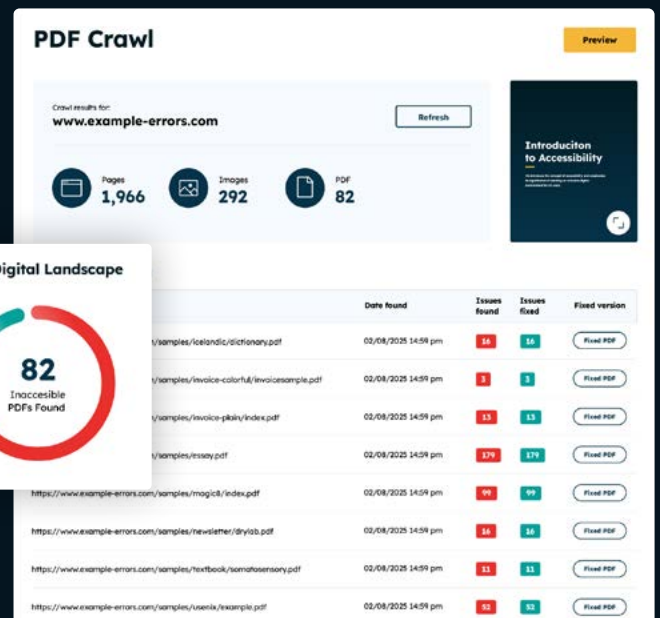

- **Stay Compliant:** Meet legal requirements under the Public Sector Bodies Accessibility Regulations and WCAG 2.1 AA.
- **Reduce Risk:** Avoid complaints, investigations, and enforcement action from the Government Digital Service (GDS).
- **Be Inclusive:** Ensure every resident, service user, and stakeholder can access, read, and interact with your documents.

Plan & Scan

Instantly Find Every PDF and Understand Accessibility Risk

Start by scanning your site to detect all linked PDFs, tagged or untagged, and identify which documents need accessibility remediation.

-  Website PDF Discovery
-  WCAG PDF Accessibility Testing
-  Interactive Compliance Dashboard

Fix & Launch

Remediate Inaccessible PDFs and Instantly Replace Them

Apply fixes using smart tools and automation to ensure every document is compliant. Download new accessible versions or use automated redirects to publish updated files seamlessly.

-  Smart PDF Remediation Tools
-  AI-Powered Image Text Recognition
-  Flexible Launch Options

Maintain & Scale

Keep PDFs Compliant Automatically as Content Grows

Monitor your site for new or updated PDFs and ensure ongoing compliance without extra effort. Built-in integration with CMS tools ensures future content stays accessible as it's added.

-  Automated Re-Scanning
-  Fix Tracking & Reporting
-  CMS Integration for Ongoing Compliance
