

ASSISTIVE TOOLBAR

Create Customisable Experiences to Suit Individual Needs

The Recite Me Assistive Toolbar makes your website digitally inclusive by allowing visitors to customise your content so that they can consume it in ways that work best for them.

Unique Domains

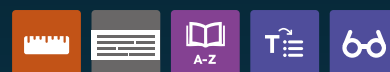

Text to Speech & Translation

Our text to speech, as well as our AI powered Translation feature, can all be customised to suit the viewer's preferences.

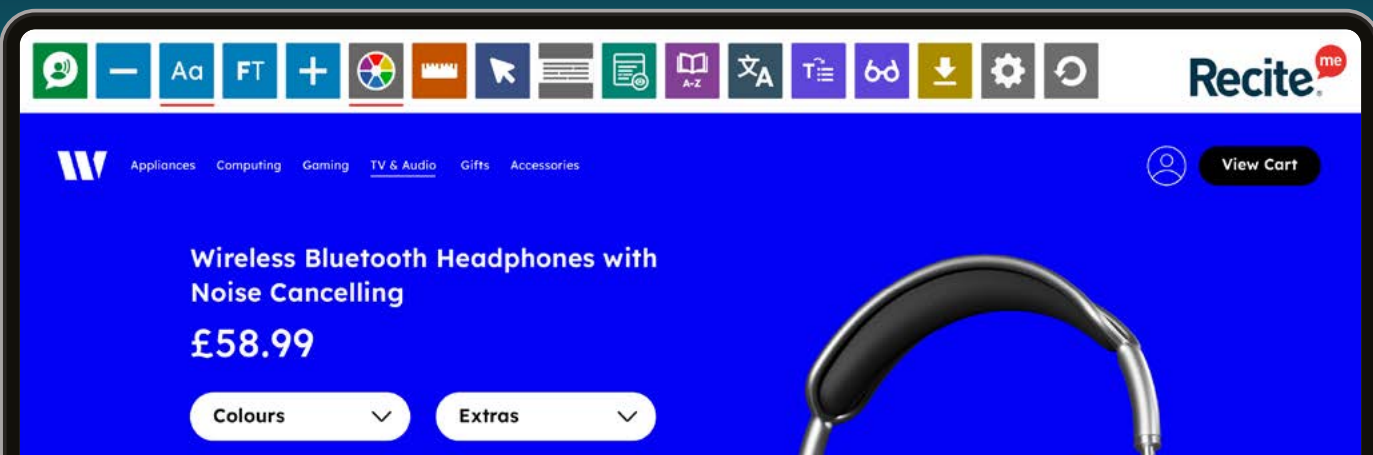

Customisation & Styling

Our toolbar allows people to change the way a website looks. Users are able to customise the colour scheme, fonts, size, and spacing.

Reading Aids

Over 10% of people have a learning disability, so reading online can be a challenge for some people. Simplify content and support your users with our reading aids.

Stockport Council Ensures Residents can **Access Essential Council Services Without Barriers**

From collections to street lighting, libraries, and leisure centres, Stockport Council needed a way to make their digital content accessible to everyone, particularly those who face barriers when reading and understanding online information. By integrating the Recite Me Toolbar across its website, Stockport Council can provide a fully customisable digital experience.

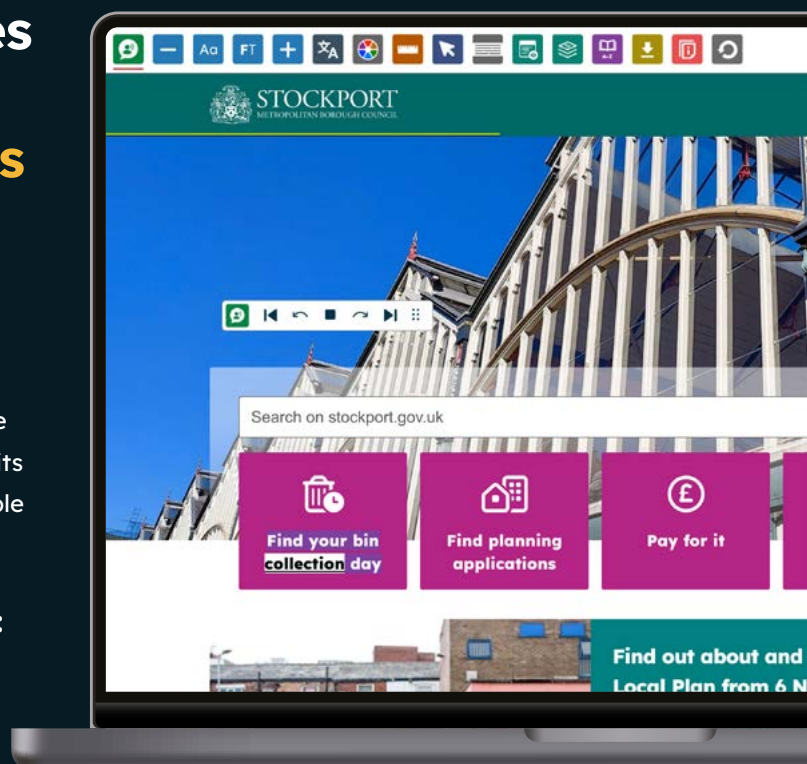

In the last 12 months, Stockport Council saw:

175,851

11,759

Pages made inclusive

“We care deeply about making sure that everyone can use this information and access our services equally. That’s why we have the Recite Me web accessibility and language toolbar on our website to make it user-friendly and inclusive for as many people as possible.”

Councillor Jilly Julian,

Cabinet Member for Finance and Resources, Stockport Metropolitan Borough Council

Integrating with any Platform

Recite Me works seamlessly with any HTML-based platform, including websites, intranets, LMS platforms, recruitment systems, and many more
