Technology & Data Excellence

Credera's capabilities span the disciplines of management consulting, user experience, data, AI and technology solutions

ENTERPRISE DATA STRATEGY & IMPLEMENTATION

Build a strategic data foundation that transforms information into competitive advantage and business growth.

DIGITAL PRODUCT STRATEGY & ENGINEERING

Accelerate digital innovation through modern methodologies, cloud-native architectures, and continuous delivery practices.

SCALED DELIVERY EXCELLENCE

Ensure successful implementations through comprehensive quality assurance, risk management, and delivery optimisation practices.

AI STRATEGY & VALUE REALISATION

Maximise your AI investments. Our strategies help you identify, implement, and scale AI initiatives for significant ROI across your enterprise.

AGENTIC WORKFLOW DESIGN

Leverage AI-powered autonomous systems that reduce operational costs, accelerate process cycle times, and eliminate manual bottlenecks.

TECHNOLOGY MODERNISATION

Transform legacy systems into modern, cloud-native platforms to drive business growth and innovation.

SERVICE MODEL INNOVATION

Transform traditional service delivery through digital-first customer experiences, operational redesign, and technology integration.

How Credera is different

Connected growth, powered by Omnicom

Marketing ambition and technical execution rarely align on their own, yet growth demands both. As Omnicom's transformation consultancy, we close that gap, turning data and ideas into competitive advantage so your brand can further connect, convert, and endure.

Tech and marketing, working as one

Broken customer experiences don't happen by accident; they begin backstage with disconnected people, processes, and tech. By aligning these from the start, we seal the cracks early, driving operational excellence so every interaction feels effortless and on-brand.

From proof of concept, to proof of value

Digital transformations collapse chasing quick wins or artificial intelligence (AI) pilots that never scale to impact. We help leaders deliver enterprise-ready AI and systems: trusted, governed, and human-centered. Our iterative approach accelerates outcomes while reducing risk and building trust.

Lasting change, built together

Too many transformations implode under complexity, fractured leadership, cost overruns, or ignored front-line input. At Credera, we don't hand over transformation; we co-create it. Together, we move strategy into action and deliver outcomes that land early and last.

Our Suite of Services

DATA & AI

- AI Industrialisation & Enterprise Deployment
- AI Maturity and Readiness Assessment
- AI-Enhanced Software Engineering
- Artificial Intelligence (AI) Acceleration & Prototyping

Digital & Technology Business Strategy

Credera craft data-driven, outcome-focused digital and technology strategies that transform organisational efficiency and delivery impact. Leveraging market insights and expertise in operating model design, business analysis and change management, we develop tailored strategies for our clients. Our strategies drive measurable benefits, accelerate transformation, and position your business for sustainable success.

Features

1. Business analysis, market insights, operating model design, change management
2. Clear definition of strategic vision, objectives, and roadmap
3. Options focused on leveraging strategic advantages and mitigating weaknesses
4. Comprehensive financial forecasting and scenario planning
5. Implementation and change management support for seamless execution
6. Defined performance measures and KPIs to monitor delivery and effectiveness
7. Stakeholder engagement and alignment to promote adaption and support

Benefits

1. Compelling strategic vision aligning, motivating, and focusing your organisation
2. Enhanced stakeholder confidence in strategic delivery plans
3. Informed decision-making based on comprehensive market analysis and insights
4. Improved customer service delivery and customer experience
5. Increased resilience to business or operating environment disruptions
6. More efficient resource allocation, maximising return on investment
7. Growing culture of innovation and experimentation

Digital & Technology Business Strategy

Service Definition

OUR PERSPECTIVE

- Business strategy is a critical enabler of success as it unites people towards common organisational goals and leveraging competitive advantage.
- Every business needs a compelling vision, defined goals and an implementation strategy that outlines how the operating model will deliver the intended benefits.
- Where we see clients struggle, we help them to rectify, reinvent and redesign.

PURPOSE & OBJECTIVES

- Our service can help organisations transform their efficiency and delivery by adopting a data-driven, outcome-focused business strategy.
- Our objective is to thoroughly understand our client's business and operating context to craft custom business strategies which are sustainable and deliver measurable benefits.

OUR APPROACH

- We use our experience in market research, options analysis, operating model design, and change management to develop comprehensive strategies.
- Our analytical helps map consumer needs, define a compelling vision, identify capability gaps, develop a target operating model and define the implementation roadmap.
- Throughout, we use the 3 Levers of Value (earnings, growth and risk) to shape and define vision rectification, business model reinvention and operating model redesign.

OUR CAPABILITIES

- Our multi-disciplinary teams bring experience across strategy, cloud, data, engineering and transformation to inform each aspect of the business strategy.
- We apply the full suite of analytical techniques, including value chain analysis, scenario planning, balanced scorecards, and OKRs.
- Our global boutique consultancy delivers world-class outcomes with a tailored service.

OUR EXPERIENCE

- Recent clients include a Central Bank, the Government of Jersey, a major airline company, and a global insurer.
- At a global insurance firm, Credera defined and executed its global business expansion strategy to launch new branches, products and services across three continents.

Credera Operational Framework

Our operating framework is designed to uphold the highest standard of excellence across all aspects of our engagements. We ensure superior quality assurance through performance evaluations and integrated client feedback. Our account management processes are built on a deep understanding of our clients' needs, ensuring a personalised service and sustained engagement. Our delivery methodologies are rooted in efficiency and adaptability, utilising our deep experience and best practices to achieve timely and successful outcomes.

We adhere to strict standards and policies to maintain integrity and reliability, whilst our commitment to ecosystem collaboration enhances our ability to leverage diverse insights and expertise across industries.

Central to our approach are our core values: ***Humility, Tenacity, Excellence, Integrity and People First***, which guide our every decision, underscoring our dedication to ethical business practices and client service.

Additional Service Information

PRICING

This service is priced in accordance with the rate card provided and can be modelled using a range of commercial approaches, e.g. time & materials, fixed price, risk/reward and velocity-based, etc. Please refer to our pricing document for more information.

ORDERING/ INVOICING

Unless otherwise agreed in the proposal, all fees associated with the engagement will be invoiced monthly in arrears. Invoices shall be paid by the client within thirty (30) days of the date of the invoice.

ONBOARDING/ OFFBOARDING

Credera's cloud support services can be ordered by contacting our team via the information given in the 'Contact Us' section of this document. Clients can terminate their engagement with us with 30 days' notice.

CONSUMER RESPONSIBILITIES

Consumer responsibilities are closely aligned with the specific requirements of the engagement. As such, these responsibilities must be discussed and agreed upon with the customer before the engagement begins and outlined in the call-off contract/ order form.

TECHNICAL REQUIREMENTS

The technical requirements and dependencies for the services offered under G-Cloud 15 are tailored to each call-off. It is essential to discuss and agree on these details with the customer before the engagement commences.

SERVICE CONSTRAINTS

There are no constraints to this service. We work collaboratively with our clients to identify their needs.

TRAINING

Credera strives to facilitate a seamless transfer of knowledge and skills from our consultants to our clients' teams, ensuring an effective and beneficial learning experience.

“

The power and weight of a strong consultancy with a perfect blend of team effort culture, embedded into the client organisation to drive successful outcomes.
