How transformation happens

Marketing & advertising enablement

- Marketing analytics
- Commerce
- Content automation
- Content supply chain
- MarTech
- AdTech
- Personalisation
- Marketing operations

Technology & data excellence

- Enterprise data
- Digital products
- Scaled delivery
- AI value creation
- Agentic workflows
- Tech modernisation
- Service model innovation

Technology & Data Excellence

Credera's capabilities span the disciplines of management consulting, user experience, data, AI and technology solutions

ENTERPRISE DATA STRATEGY & IMPLEMENTATION

Build a strategic data foundation that transforms information into competitive advantage and business growth.

DIGITAL PRODUCT STRATEGY & ENGINEERING

Accelerate digital innovation through modern methodologies, cloud-native architectures, and continuous delivery practices.

SCALED DELIVERY EXCELLENCE

Ensure successful implementations through comprehensive quality assurance, risk management, and delivery optimisation practices.

AI STRATEGY & VALUE REALISATION

Maximise your AI investments. Our strategies help you identify, implement, and scale AI initiatives for significant ROI across your enterprise.

AGENTIC WORKFLOW DESIGN

Leverage AI-powered autonomous systems that reduce operational costs, accelerate process cycle times, and eliminate manual bottlenecks.

TECHNOLOGY MODERNISATION

Transform legacy systems into modern, cloud-native platforms to drive business growth and innovation.

SERVICE MODEL INNOVATION

Transform traditional service delivery through digital-first customer experiences, operational redesign, and technology integration.

How Credera is different

Connected growth, powered by Omnicom

Marketing ambition and technical execution rarely align on their own, yet growth demands both. As Omnicom's transformation consultancy, we close that gap, turning data and ideas into competitive advantage so your brand can further connect, convert, and endure.

Tech and marketing, working as one

Broken customer experiences don't happen by accident; they begin backstage with disconnected people, processes, and tech. By aligning these from the start, we seal the cracks early, driving operational excellence so every interaction feels effortless and on-brand.

From proof of concept, to proof of value

Digital transformations collapse chasing quick wins or artificial intelligence (AI) pilots that never scale to impact. We help leaders deliver enterprise-ready AI and systems: trusted, governed, and human-centered. Our iterative approach accelerates outcomes while reducing risk and building trust.

Lasting change, built together

Too many transformations implode under complexity, fractured leadership, cost overruns, or ignored front-line input. At Credera, we don't hand over transformation; we co-create it. Together, we move strategy into action and deliver outcomes that land early and last.

Our Suite of Services

DATA & AI

- AI Industrialisation & Enterprise Deployment
- AI Maturity and Readiness Assessment
- AI-Enhanced Software Engineering
- Artificial Intelligence (AI) Acceleration & Prototyping
- Data Product Engineering & Delivery
- AWS Data Platform Engineering
- Azure Data Platform Engineering
- Cloud Data Transformation
- Data Platform Governance, Privacy & Ethics
- Data Analytics Transformation
- Data & Analytics Maturity Assessment
- Data Engineering & Pipeline Delivery
- Data Management Capability Assessment
- Data Mesh Architecture & Transformation
- Data Migration & Legacy Decommissioning
- Cloud Data Platform Design & Implementation
- Enterprise Data & Analytics Strategy
- Data Visualisation & BI Dashboards
- Data Warehouse & Lakehouse Modernisation
- GCP Data Platform Engineering
- Machine Learning Model (MLOPs) Development & Deployment
- Real-Time & Streaming Analytics Platform Development

DATA & AI

- Automated Pipeline Delivery & Operations (DataOps)
- Advanced Analytics Delivery & Insights

User Experience (UX) Design & Prototyping

Credera's User Experience (UX) Design approach creates intuitive, accessible, and desirable experiences aligned with business goals. Through prototyping, testing, and optimisation, we apply user-centric methods to unlock maximum value. We ensure your designs meet citizen and business needs, delivering seamless interactions that drive engagement, satisfaction, and measurable outcomes.

Features

1. Heuristic audits with actionable insights to optimise user experiences
2. Design vision, brand mood boards, and creative concepting
3. Site maps, UI wireframes and prototypes
4. Low and high-fidelity design compositions
5. Reusable design systems and atomic design processes and libraries
6. Website Accessibility review
7. Website Accessibility improvement

Benefits

1. User-centric experiences prioritising usefulness, usability, and desirability consistently
2. User experience designs linked to research insights and business objectives
3. Fluidity between experiences associated with a product, service, or brand
4. Compliance with Accessibility guidelines
5. Improve customer attraction, retention, and satisfaction
6. Review websites and applications accessibility requirements
7. Inclusive and user-friendly digital experiences for citizens and users

User Experience (UX) Design & Prototyping

Service Definition

OUR PERSPECTIVE

- Ensuring that all citizens can interact easily and efficiently with your services is at the heart of our UX design philosophy. We strive to connect genuine customer needs with business objectives to design impactful experiences that resolve issues and deliver tangible results.
- We leverage the power of design to craft digital experiences rooted in empathy, inspired by possibilities, and built for meaningful impact. This approach meets and exceeds user expectations, fostering positive engagement and satisfaction.

PURPOSE & OBJECTIVES

- Our core objective is to ensure that all designs are accessible to everyone, adhering to necessary regulations and standards to provide an inclusive user experience.
- We focus on minimising the cost of implementation through precise and clear design, avoiding unnecessary revisions and resource wastage.
- We strive to ensure that our clients' design and digital experience is rooted in accessibility, is compliant with the latest regulations, and can be used by as wide a population of citizens as possible.

OUR APPROACH

- Our mindset and approach view User Experience Design as a vital link connecting customers and businesses, fostering mutual understanding and efficient goal achievement.
- We adhere to three key user experience design principles aimed at maximising your return on UX investment and helping you avoid common pitfalls.
- We bring a robust Experience Design Methodology and Process to deliver high-quality outcomes that are immediately implementable and impactful.

OUR CAPABILITIES

- We support organisations across the full design lifecycle, from strategic planning to execution. This includes building reusable design systems and libraries of design content to ensure consistency and efficiency.
- Our team is proficient in all key design tools and products, with specialised expertise in accessibility and responsive design, ensuring that all solutions meet high standards of usability and inclusivity.
- Our methodology aligns closely with the Government Digital Service (GDS) standards, ensuring our designs meet rigorous public sector requirements.

OUR EXPERIENCE

- We have deep global experience in delivering UX design solutions across various sectors, including the public sector, FMCG, fast service restaurants, financial services, and traffic management.

Credera Operational Framework

Our operating framework is designed to uphold the highest standard of excellence across all aspects of our engagements. We ensure superior quality assurance through performance evaluations and integrated client feedback. Our account management processes are built on a deep understanding of our clients' needs, ensuring a personalised service and sustained engagement. Our delivery methodologies are rooted in efficiency and adaptability, utilising our deep experience and best practices to achieve timely and successful outcomes.

We adhere to strict standards and policies to maintain integrity and reliability, whilst our commitment to ecosystem collaboration enhances our ability to leverage diverse insights and expertise across industries.

Central to our approach are our core values: ***Humility, Tenacity, Excellence, Integrity and People First***, which guide our every decision, underscoring our dedication to ethical business practices and client service.

Additional Service Information

PRICING

This service is priced in accordance with the rate card provided and can be modelled using a range of commercial approaches, e.g. time & materials, fixed price, risk/reward and velocity-based, etc. Please refer to our pricing document for more information.

ORDERING/ INVOICING

Unless otherwise agreed in the proposal, all fees associated with the engagement will be invoiced monthly in arrears. Invoices shall be paid by the client within thirty (30) days of the date of the invoice.

ONBOARDING/ OFFBARDING

Credera's cloud support services can be ordered by contacting our team via the information given in the 'Contact Us' section of this document. Clients can terminate their engagement with us with 30 days' notice.

CONSUMER RESPONSIBILITIES

Consumer responsibilities are closely aligned with the specific requirements of the engagement. As such, these responsibilities must be discussed and agreed upon with the customer before the engagement begins and outlined in the call-off contract/ order form.

TECHNICAL REQUIREMENTS

The technical requirements and dependencies for the services offered under G-Cloud 15 are tailored to each call-off. It is essential to discuss and agree on these details with the customer before the engagement commences.

SERVICE CONSTRAINTS

There are no constraints to this service. We work collaboratively with our clients to identify their needs.

TRAINING

Credera strives to facilitate a seamless transfer of knowledge and skills from our consultants to our clients' teams, ensuring an effective and beneficial learning experience.

“

The power and weight of a strong consultancy with a perfect blend of team effort culture, embedded into the client organisation to drive successful outcomes.
