

Pricing document for JCAD CORE

What our standard pricing includes

- CORE software license.
- “X” number of edit users
- 1 Super Admin and 1 Register Admin
- Data storage up to 20Gb
- CLOUD Hosting in Azure
- 999 view only users
- Single sign on integration with AD

JCAD CORE is priced based upon a base application software license, the number of registers and the number of users of each register.

The base application license is £2,950 p.a.

Each register, i.e. risk register, opportunity register, action tracking register etc. is priced at £700 p.a. added to which “x” numbers of users are added using the scale below. The required number of users for each additional register use the scale below.

Edit users are placed into the following bands. Minimum of 5 users. Additions in increments of 5 or more. As one moves between the bands the cost per unit reduces, so the 26th user is £70 rather than £100 as per previous band.

User bands	1 – 25	26 - 50	51 – 100	101 - 250	250+
Per annum cost for each user for each register	£100	£70	£50	£30	£15

Professional services costs

Service	Price
