HousingIQ Snapshots

Real-time insight and evidence for retrofit programme control

HousingIQ Snapshots gives housing providers real-time visibility of progress across retrofit and capital programmes. It consolidates delivery data, tracks completions, highlights risks and variances and provides clear evidence for governance regulatory reporting and programme control.

Why choose HousingIQ Snapshots?

Investment progress planning

Enabling real time progress calculation to determine changes, improvements on measures, carbon impact, fuel costs etc to accurately measure investment efficacy on housing stock.

Data monitoring and measurement

Snapshots provides service metrics to support high-level portfolio assessment and operational monitoring.

Housing stock improvement reporting

Enables trajectory planning through calculating 'point in time' progress and changes to stock for reporting and planning.
