

Welcome to Infoshare+

Infoshare+ is a UK data and software company aiming to make local public services seamless and connected with the communities they serve. We believe digital should be a shared environment, supporting consistency, efficiency, and better outcomes for all. With our platform of innovative digital solutions, we're a trusted partner to hundreds of public sector organisations across social housing, local government, and social care.

HousingIQ Light

Data-driven insight into housing energy performance

HousingIQ Light is a cloud-based analytical platform that helps housing providers understand, and calculate energy performance, it also enables RdSAP data retrieval service via Elmhurst Energy.

Why choose HousingIQ Light?

Real time data insight

HousingIQ Light provides a clear, standardised view of housing energy performance, enabling evidence-based assessment and quick understanding across the portfolio.

Housing stock efficiency calculation

HousingIQ Light enables calculation of housing data and visualisation of improvement options

Quality assured housing data

Planning and improvement planning view displays stock data, supporting fully costed improvement strategy design.
