

Welcome to Infoshare+

Infoshare+ is a UK data and software company aiming to make local public services seamless and connected with the communities they serve. We believe digital should be a shared environment, supporting consistency, efficiency, and better outcomes for all. With our platform of innovative digital solutions, we're a trusted partner to hundreds of public sector organisations across social housing, local government, and social care.

ScanStation + MyScan

Self-service document scanning for all council service areas

ScanStation is an evidence-capture solution combining an Android app, compatible tablet and desk-mounted scanning cradle along with a web application (MyScan) for users' own devices. It enables service users to scan evidence for council transactions and integrates with any back-end system.

Why choose ScanStation + MyScan?

Designed for evidence capture

ScanStation + MyScan is built for council service areas that require supporting evidence as part of their day-to-day work. It provides a secure, structured way to easily capture and deliver documents.

Reduces friction and inefficiencies

By capturing information in a consistent, structured way, the platform reduces follow-up, duplication and delays caused by missing or unclear evidence.

Built for trust and compliance

Every submission is handled securely and logged end-to-end, creating a clear audit trail from upload through to storage.

Features

- Dual Android app, device and secure furniture solution
- Enhanced camera functionality ensures quality images every time
- All files are delivered with metadata
- Integrated with Anite GIM, Civica W360, Info@work, Jadu CXM, others
- Real-time address lookup using NLPG
- Ability to generate any file types from individual image files
- Comprehensive usage auditing and reporting
- Integrates with back-office systems
- Web-optimised app available across any device with a modern browser

Benefits

- Reduces face-to-face contact
- Supports all services that require scanned supporting documents
- Shortens application timeframe
- Per scan saving of £3.66 (council customer service centre model)
- Year on year savings
- Potential for 80% of supporting documents to be self-scanned
- Simple, user friendly app
- Enables advocates/family/friends to progress claims on applicant's behalf
