

Welcome to Infoshare+

Infoshare+ is a UK data and software company aiming to make local public services seamless and connected with the communities they serve. We believe digital should be a shared environment, supporting consistency, efficiency, and better outcomes for all. With our platform of innovative digital solutions, we're a trusted partner to hundreds of public sector organisations across social housing, local government, and social care.

BetterCare Finance

Digital financial assessments for adult social care

BetterCare Finance is a secure, web-based platform that digitises adult social care financial assessments. It is a fully configurable self-service solution aligned to local charging policies, rules, and workflows. The service supports accurate assessments, reduces administrative effort, and helps teams manage demand.

Why choose BetterCare Finance?

Designed for local government

BetterCare Finance is built specifically for adult social care financial assessments and is fully configurable to reflect local authority policies and rules.

Improves efficiency and control

By enabling self-service where appropriate, the platform reduces manual processing, and re-keying, helping teams focus effort on complex or vulnerable cases.

Supports consistent outcomes

Guided journeys, validation rules, and clear supporting information help ensure assessments are completed accurately and consistently, reducing errors, inaccuracies and avoidable delays.
