Introduction to our Cloud Support Services

An Introduction to Baringa

Baringa Partners LLP is an award-winning management consultancy specialising in government, energy, financial services, utilities, telecoms and media, and consumer products. It partners with organisations when they are developing and delivering key elements of their business strategy, as well as working extensively with government and regulators providing policy and advisory services.

Baringa is recognised both in the UK and internationally for its unique culture for which it has been awarded a number of accolades.

This is why we stand out from the crowd

- ✓ **More 'geek' than generalist:** we are leading experts in our chosen disciplines
- ✓ **Small, senior team deployment:** we all have core industry experience and specialisms
- ✓ **Hands-on experience:** every client benefits from senior engagement
- ✓ **Double digit growth & Great Place To Work for the last decade:** we help our clients achieve the same
- ✓ **Flexible, not dogmatic:** our proven assets accelerate our clients' strategies
- ✓ **Partnership & collaboration:** we understand our clients' businesses inside-out
- ✓ **Bespoke, innovative solutions:** we use these to overcome any inefficiencies

An Introduction to Our Cloud Support Services

Our accomplished team helps UK-based and global organisations to implement technology change and run more effective technology-enabled businesses. We partner with organisations across different sectors to deliver value from their cloud programmes, providing strategic guidance and executing across strategy, enterprise data management & governance, data architecture, DevOps, data migration, data visualisation, reporting and Artificial Intelligence (AI) implementation.

We work across all major public cloud platforms including AWS, Azure and GCP to accelerate delivery of value for our clients alongside developing and hosting our own solutions. We're independent of specific cloud vendors and are experienced with designing, building and running cross- and multi-cloud solutions.

Our teams hold both architecture and engineering cloud accreditations across AWS, Azure and GCP, offering Cloud Support Services across a range of capabilities, alongside various accreditations in market leading insight generation tools.

In addition, we provide advisory and implementation services around various market-leading cloud software / platform as a service across data infrastructure, data management and data exploitation
