Notes

All prices are per annum

Size of the Authority is determined by the number of hereditaments

In the case of a Shared Service, pricing is determined by the size of the combined Authorities, however:

*Only one site license is required for the Shared Service

*If data sources for the Shared Service can be 'shared' by one or more Authority the pricing is for the aggregate size of the Authorities using that data source

Size of Authority Definition:	No of hereditaments
Small	Up to 50,000
Medium	50,000 to 100,000
Large	100,000 to 150,000
Very Large	Over 150,000
