

Intelogy – Accelerated Migrations to SharePoint Online with ShareGate

About us

We work with organisations who recognise the potential for technology to transform their businesses, and help them visualise, define and realise solutions that change how they work for the better. Offering comprehensive delivery services, from strategic consultancy, software design and construction, to ongoing client services, Intelogy are at the forefront of extending Office 365, SharePoint and Azure into streamlined business tools.

Founded in 1994, Intelogy has grown to become the trusted digital partner for numerous clients. As a Microsoft Gold Partner since 2000, we pride ourselves on consistently delivering exceptional solutions that improve workplace productivity. Our user-first approach places emphasis on identifying and addressing staff and customer needs – resulting in intuitive applications that drive team efficiency.

Summary

Intelogy uses ShareGate as the preferred solution for complex migrations and proactive governance. Whether you are moving massive data volumes from Google Drive and Box or restructuring SharePoint and Teams, our tailored migration concepts ensure your data moves successfully.

Why use Intelogy with ShareGate?

Using Intelogy UK-based professional services with ShareGate software ensures your migration is fast, secure, and expertly managed from start to finish. Intelogy's certified consultants combine deep Microsoft 365 expertise with proven ShareGate methodologies to reduce risk, avoid disruption, and tailor migrations to your business needs. The result is a smoother transition, optimised configuration, and lasting value from your ShareGate investment. You also only need to on-board one UK-based supplier.

Features of Sharegate

- Intuitive interface for guided Microsoft 365 migrations
- Pre-migration analysis and readiness checks
- Secure migration of SharePoint, OneDrive, and Teams
- Granular permission and metadata preservation
- Automated scheduling and migration plans
- Detailed reporting and progress tracking
- Incremental migrations to minimize downtime
- PowerShell support for advanced automation
- Built-in error handling and retry mechanisms
- Supports tenant-to-tenant and on-prem migrations

Benefits of Sharegate

- Minimise downtime during a migration by performing incremental migrations in the background
- Preserve all your document metadata and version history for compliance
- Accelerated migration
- Pre-migration reports detailing potential issues before the migration starts
- Map and maintain complex user access rights
- Don't pay to move clutter. Identify and filter out "ROT" (Redundant, Obsolete, Trivial) data
- Post-migration governance
- Receive a full post-migration audit trail confirming every file was moved successfully and securely
