

Intelogy – BitTitan MigrationWiz – Cloud Migration Software as a Service

About us

We work with organisations who recognise the potential for technology to transform their businesses, and help them visualise, define and realise solutions that change how they work for the better. Offering comprehensive delivery services, from strategic consultancy, software design and construction, to ongoing client services, Intelogy are at the forefront of extending Office 365, SharePoint and Azure into streamlined business tools.

Founded in 1994, Intelogy has grown to become the trusted digital partner for numerous clients. As a Microsoft Gold Partner since 2000, we pride ourselves on consistently delivering exceptional solutions that improve workplace productivity. Our user-first approach places emphasis on identifying and addressing staff and customer needs – resulting in intuitive applications that drive team efficiency.

Summary

Intelogy uses BitTitan as the preferred solution for complex migrations and proactive governance of user email accounts. Whether you are moving massive data volumes from Google Mail, Exchange or other legacy email systems, our tailored migration concepts ensure your most valuable data moves successfully to Microsoft 365.

Why use Intelogy with BitTitan?

Using Intelogy professional services with BitTitan MigrationWiz Mailbox Migration Tool gives you confidence that every mailbox migration is handled with precision and care. Intelogy's experienced consultants apply proven migration frameworks, best-practice configurations, and proactive issue management to minimize risk and user disruption. Paired with MigrationWiz's powerful automation, Intelogy helps deliver a faster, smoother migration and ensures maximum value from your investment—without unexpected surprises.

Features of BitTitan MigrationWiz

- Automated mailbox migrations across major email platforms
- Supports Microsoft 365, Google Workspace, and Exchange
- No server installation or on-prem infrastructure required
- Secure, encrypted data transfer and authentication
- Pre-migration testing and mailbox discovery
- Delta migrations to sync recent mailbox changes
- Detailed dashboards and migration reporting
- Scalable for small and large migration projects
- Minimal end-user disruption during migrations
- Simple licensing and pay-per-mailbox model

Benefits of Sharegate

- Reduces risk during data migrations
- No requirement for local infrastructure or agents
- Enables controlled and auditable migration processes
- Supports large and complex migration programmes
- Reduces manual effort through automation
