

Intelogy – Microsoft Teams governance, provisioning and lifecycle management with Orchestra

About us

We work with organisations who recognise the potential for technology to transform their businesses, and help them visualise, define and realise solutions that change how they work for the better. Offering comprehensive delivery services, from strategic consultancy, software design and construction, to ongoing client services, Intelogy are at the forefront of extending Office 365, SharePoint and Azure into streamlined business tools.

Founded in 1994, Intelogy has grown to become the trusted digital partner for numerous clients. As a Microsoft Gold Partner since 2000, we pride ourselves on consistently delivering exceptional solutions that improve workplace productivity. Our user-first approach places emphasis on identifying and addressing staff and customer needs – resulting in intuitive applications that drive team efficiency.
