Overview of Pricing

Insource – data management experts to healthcare

Harness the power of your disparate data, extract intelligence, make confident decisions and streamline operational processes that improve healthcare delivery.

Insource helps you drive better patient outcomes, streamline operational efficiency, and extract essential insight by ensuring all your foundational data is accessible for decision making – despite your legacy infrastructure. This powerful foundation enables informed trust-wide management, ICS insight and control, and partner solutions innovation.

We provide both operational management solutions and an advanced data management platform, that delivers a single version of the truth, to give you the full power of data in your organisation.

1.1 Fixed Price

The pricing is based on the size of your organisational income:

ORGANISATION INCOME	
VERY SMALL	LESS THAN £100M
SMALL	£101 - £300M
MEDIUM	£301-£650M
LARGE	£651-£1,250M
EXTRA LARGE	£1,251-£2,000M
VERY LARGE	ABOVE £2,000M

**5% multi year discount is applicable for 2+ year contracts*

***Due to the variable nature of customer projects, an initial scoping phase will be required to obtain information relating to specific customer requirements.*

***Information obtained during scoping phase will be used to price all variable and optional components.*

Above prices are per annum

VERY LARGE	£ 48,500	£ 47,530

Pricing is based on 10 Data Loaders* and 25 Data Spaces*

If the client needs more data loaders or data spaces the price might change

The price includes standard product support

*Data Loaders: Provide a simple method to bring disparate data from a wide range of data sources into a unified format.

*Data Spaces: Are a logical set of Datasets of varying types that create the data tables that form the common data output layer used for reporting.

1.2 Variable Price

Due to the variable nature of implementation projects for individual customer requirements and operating procedures, we do not provide a standard fee for these services, and therefore implementation costs are not included within the pricing document. An initial Scoping Exercise will be carried out to obtain information relating to individual customer requirements. Only after the Scoping has taken place can a definitive price be agreed on any variable components. All pricing will be as per the rate card below.
