Empowering Schools, Enhancing Services

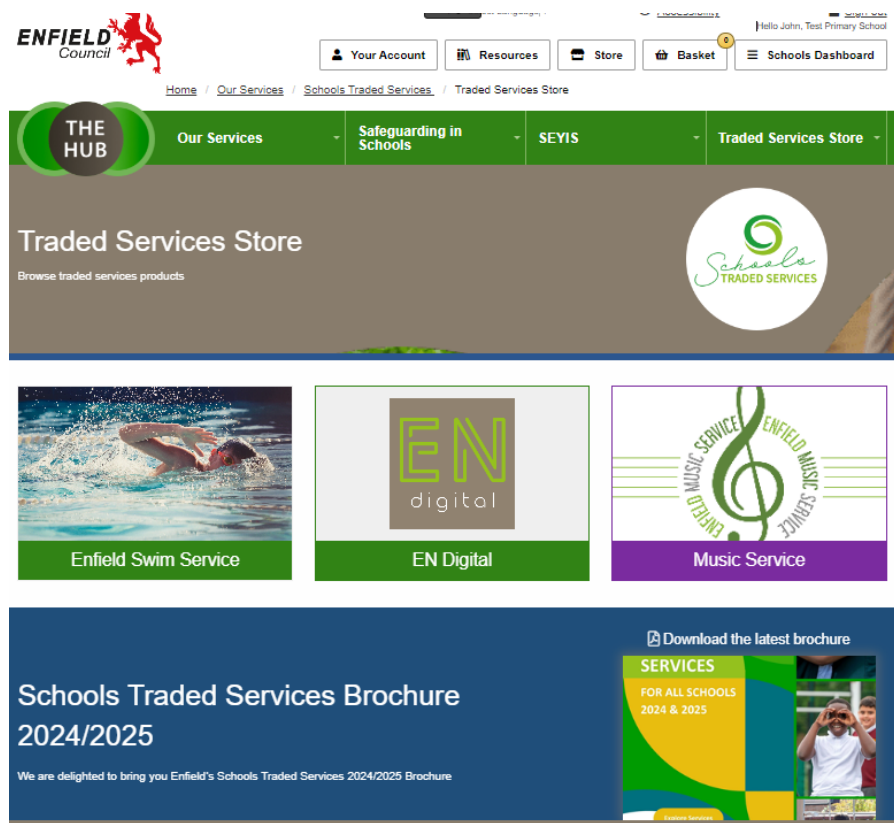

Welcome to the Schools Traded Service Solution, a comprehensive platform designed to streamline service provision between Local Authorities and schools. Our solution offers a wide range of services tailored to meet the diverse needs of educational institutions, providing efficiency, flexibility, and quality assurance.

Our platform allows the Local Authority to create details on an extensive range of services across various categories from Education Services like Free School Meals, or Teaching Courses for Staff to Human Resources Services like Payroll and Counselling Services. You can also have categories for Premise Care which can cover services like Waste & Recycling, IT Services, Energy Management, Pest Control, and Ground Maintenance.

Why Choose Us?

Expertise in Early Years Education - Our team possesses extensive experience in traded service solutions, ensuring the delivery of high-quality training programs.

Commitment to Excellence - We are dedicated to excellence in training and customer service, striving to exceed expectations and foster long-term partnerships with our clients.

Are you thinking of taking a course?

Find professional learning courses that meet the needs of schools & professional learning offers across a range of partnerships.

Functionality Checklist

Functionality	Features	
Dashboard for Schools	Each school has a dedicated dashboard providing essential information such as emergency contacts, purchased services, and school closure management with the council.	✓
Customizable Service Packages	Local Authorities can tailor service packages to meet the specific needs of different types of schools.	✓
Flexible Pricing Structure	Pricing can be set based on the type of school, ensuring fair and transparent pricing for all educational institutions.	✓
Academic Year Packages	Schools purchase services in packages for each academic year, providing clarity and predictability in budgeting.	✓
Automated Invoicing	The solution generates reports that can be seamlessly imported into the Local Authority's invoicing system, streamlining the billing process.	✓

User Management	Schools have the autonomy to create and manage their own user accounts, empowering them to access and utilize services efficiently.	✓
Access to Restricted Resources	Purchase of certain services grants schools' access to restricted online resources, enriching their educational experience.	✓
Emails	Branded Emails are used for all communications between the School and Local Authority.	✓
Admin Controls	Admins can add, edit, or cancel products and packages. They can be bespoke packages and offers to specific Schools.	✓
GDS Principles	All components are designed according to Government Digital Service (GDS) principles, ensuring accessibility and compliance with WCAG guidelines.	✓
Customisable Theming	The portal or microsite can be themed to match the customer's preferences. This can range from a corporate design resembling standard local authority sites to a standalone brand for marketing purposes.	✓
Responsive Design & Web App	The portal features a fully responsive design and runs as a super-fast, optimised web app, giving it an app-like quality that users love.	✓

About Us

We are a UK-based firm focused on quality and service delivery; ISO 27001 certified. This certification means our systems and processes adhere to rigorous standards for information security management, ensuring data protection and compliance.

We pride ourselves on developing all our products in-house, maintaining high standards and avoiding outsourcing overseas. Our commitment to customer satisfaction and service is integral to our approach, with strong client relationships leading to successful digital transformations.

We have proven ourselves as masters of digital transformation in local government, offering our expertise in customising products to the unique needs of each customer. Our goal is to deliver comprehensive solutions, ensuring stakeholder satisfaction and guiding clients on the path to digital transformation.

Get in Touch

Brochures can only go so far – our working products need to be demoed to see the full extent of their capabilities. We stand by everything we say, and if you still have any doubts, we can connect you with existing customers and users of our app for real testimonials about its functionality, performance, and our second-to-none product support, with direct access to our designers and developers.
