WiFi Surveys and Consultancy

Performance Networks WiFi consultancy pricing is based on a day rate, the amount of days required for each project will vary based on the size and complexity of each project.

The days required for each project will be agreed with a client during a brief scoping phase where we ask you to share the floor plans of the areas you need surveying and the technical requirements of the works.

Pricing

WiFi Survey Engineer - £850.00 per day, excluding any expenses which are charged at cost.

Project Management

A project coordinator is assigned to all projects as standard however for larger or more complex projects Prince 2 Qualified Project Managers are available, we will identify if this is required during the scoping phase.

Pricing

Prince 2 Qualified Project Manager - £650.00 per day, excluding any expenses which are charged at cost.

Volume pricing

WiFi Survey Engineering days can be bought in Blocks of 10 days purchased at a reduced rate of £725.00 per day, excluding expenses.

Additional Services

Installation/Data cabling Engineer - £450 per engineer, per day, excluding any expenses which are charged at cost. Excludes materials.

1st Line Remote Ad Hoc Support Engineer - £450 per engineer, per day, excluding any expenses which are charged at cost.

2nd Line Remote Ad Hoc Support Engineer - £650 per engineer, per day, excluding any expenses which are charged at cost.

3rd Line Remote Ad Hoc Support Engineer - £750 per engineer, per day, excluding any expenses which are charged at cost.
