

PTP Digital Forensic Incident response (DFIR) - Pricing Document

(Pricing is calculated per day dependant on the reactive incident at play or Proactive services required, through a formal scoping process.)

Our PTP DFIR team offer a range of services that can be purchased individually or grouped based on our clients' specific needs. These services address various scenarios:

1. In Response to an Ongoing Attack:

- If you're currently facing a cyber-attack, our services provide swift and effective incident response to mitigate the impact and secure your systems.

2. Determining Breach Status:

- Wondering if you've been breached? Our experts can investigate and provide clarity on whether your organization has experienced a security breach.

3. Proactive Measures for Cyber Maturity:

- Beyond reactive responses, we also offer preventative measures. These include enhancing your organization's cyber maturity through staff training and other strategic actions.

For details on how to buy and pricing information, please see below. More detailed information regarding each product is contained within in our DFIR Service Definition document.

PTP Approach to pricing – How to buy

- **Initial Consultation:**
 - For each new engagement, PTP will initiate a conversation via email and/or call to understand your service requirements. This serves as the introduction call.
- **Scope of Works (SOW) Creation:**
 - A PTP technical consultant will review all relevant information and create a detailed Scope of Works (SOW). This document will include any necessary prerequisites.
- **Proposal and SOW Delivery:**
 - PTP will send a comprehensive Proposal/SOW, specifying:
 - Duration
 - Cost
 - Grade of consultant required
 - Proposed dates (if already discussed)
- **Pricing Calculation:**
 - Pricing will be determined based on the number of days required to deliver the services using the service day rates.
- All invoices will be payable within 30 days.
- VAT is not included in our rates.
- Professional Indemnity Insurance – included in day rate.

Confidentiality

We are committed to maintaining the highest degree of integrity in all our dealings with potential, current and past clients, both in terms of normal commercial confidentiality, and the protection of all personal information received throughout the course of providing the business services concerned. The same standards are extended to all our clients, suppliers and associates.

Impartiality

PTP is an independent organisation, and does not recommend any suppliers, products or potential solutions. The identification of any suppliers, products or solutions will not represent an endorsement, and is provided for illustrative purposes only. The recipient of this document is responsible for ensuring that any product or service identified meets its own requirements.

Duty of Care

Our actions and advice will always conform to relevant law, and we believe that all businesses and organisations, including our consulting services, should avoid causing any adverse effect on the human rights of people in the organisations we deal with, the local and wider environments, and the well-being of society at large.

Freedom of Information Act

In addition to the confidentiality of the information in this proposal, the content is commercially sensitive. Any disclosure of this proposal and the methods detailed would significantly damage PTP's commercial interests because of invested time, effort and know-how, in which it aims to differentiate itself from its competitors. Any information submitted to you contains many aspects unique to PTP (including, but not limited to end-user information, proprietary trade secrets, pricing and discount data) and consequently is exempt from disclosure under the Freedom of Information Act 2000 (pursuant to Sections 41 and 43).
