About Studio 24

[Studio 24](#) is an ethical and award winning agency, based in Cambridge (UK) with a strong focus on human-centred design, digital technology and accessibility.

We create websites and digital services that are designed to work for everyone. We're a team of problem solvers, helping our clients achieve their aims on digital.

How we work

We like to work collaboratively with our clients and want to be your partner, not just a supplier. Relationships are really important to us and our aim is to work long term with you, helping your website and business evolve and develop over time.

We are transparent in our approach; both in terms of giving honest advice and being open about the time it takes for us to deliver the right solution. We simply charge for the time we realistically feel we need to deliver your project.

Once we've discussed your requirements we'd be happy to provide you with an estimate for your next project. Please contact us at hello@studio24.net or 01223 328017.

Our services

Website onboarding and migration

Website onboarding

It's important for us to undertake an onboarding phase so our team fully understands your needs and has the necessary information to support and maintain your website.

Website migration

Website migration projects vary depending on requirements but the key is to migrate existing content and code to a new hosting environment with minimal or no downtime.

	Cost
Onboarding	From £1,680
Website migration	From £4,200

Hosting

We host and manage websites for many clients on a variety of cloud platforms and have been doing so for over 20 years.

We currently offer managed hosting on both AWS and Mythic Beasts (green web hosting).

We pride ourselves on setting up reliable and robust hosting that is secure and flexible. We will use appropriate resources to make your hosting sustainable and cost-efficient.

	Cost
4GB annual hosting	From £1,900 p/a
High Availability hosting	From £775 p/m

Support and maintenance

Our support and maintenance service is focussed on maintaining your website, keeping it online, ensuring software and plug-ins are up to date, responding to support issues and providing proactive maintenance.

24/7 support

For those clients with critical support requirements we offer 24/7 out of hours support to respond to any critical issues with your site.

Monthly support, maintenance and improvement retainer

Our retainer service includes our support and maintenance offering and budget for managing and implementing new work or feature requests. This is ideal for clients looking to iteratively improve and enhance their website.

	Cost
Annual support	From £2,500 p/a
Monthly support, maintenance and improvement retainer (from 3 days)	From £2,520 p/m
Out of hours support	From £250 p/m

Accessibility

At Studio 24 we champion an accessible web, working with clients such as W3C and RNIB to make sure that nobody is left behind.

Maintaining an accessible website is an ongoing and collaborative process. It is easiest and most cost-effective when considered at the very start of a project – from research and planning, through to design and development.

	Cost
Single page accessibility review	From £399
Accessibility audit	From £5300
Accessibility remediation and improvements	From £875 p/d

Our rate card

We use the following daily rates for any project work.

	Daily rate
Principal	£1,225
