risr/apply

For **risr/apply**, pricing is based on an annual flat, base licence for the system, with a percentage of annual transaction fees from payment bookings/registrations made. The transaction fee is based on payment-based bookings/registrations value through the system for Exams & Events. This is in addition to any direct integrated payment provider fees that may be incurred by the customer. No transaction fee is charged for non-payment taking bookings/registrations (for example appeals).

Component	Price
risr/apply Base Licence	£26,600
Transaction Fee (per-paid transaction)	0.8%

risr/apply onboarding

The following **risr/apply** onboarding packages are provided as per standard implementation. Optional services and packages are available, detailed in the next section. All onboarding packages on outcome based, one-off services.

Onboarding fees, one-off charge:

Onboarding Packages	Onboarding Price
Readiness Assessment	£5,450
Training & implementation	£8,260
Go-Live in-person support	£3,300

risr/apply optional

The **risr/apply** solution also has additional optional services and packages to the standard licence.

Optional Services & Packages	Price
risr/apply Sandbox (annual)	£14,900
risr/apply API licence (annual)	£3,250
risr/apply data migration services (one-off)	Price on request (based on scope)
risr/apply Pilot in-person support (one-off)	£3,860

rate card

Fees for on-boarding services are generally charged on implementation, utilising standard packages based on size, complexity and length of implementation. However, if additional professional services are required, the below rate card applies.

Resource	Price
Training & User Adoption Day Rate	£1330
Dedicated Customer Support Day Rate	£940
Integration Architect Day Rate	£1330
Integration Engineer Day Rate	£1050
Delivery Coordinator / Project Management Day Rate	£940
Development Engineer Day Rate	£940
Data Migration Engineer Day Rate	£1330
Data Migration Architect Day Rate	£1550
eAssessment Architect Day Rate	£1330

risr/platform pricing

The risr/platform is a cloud hosted service, made up of 3 key components, which can be utilised as a full-suite of integrated service modules or as standalone assessment and training/membership service modules.

- **risr/apply** Exam and Event booking & registrations
- **risr/assess** End-to-end exam management & delivery
- **risr/advance** Workplace based assessments, ePortfolio & CPD/PCS

Pricing for the risr/platform service modules are based on a number of factors:

- the type, complexity and size of institution cohorts utilising the modules
- the method and nature of the assessments
- the service modules of the risr/platform
- the level of support required
- the implementation / onboarding services required

The SaaS licence fees include the software licence, annual support, ongoing maintenance, future developments and hosting. Fees for on-boarding services are generally charged on implementation, utilising standard packages based on size, complexity and length of implementation.

No charge is made for staff or administrator users on the system – access is included as part of the main licence fee.

The below pricing is for use in the UK University sector.

Notes and assumptions:

- All prices are quoted in £GBP and are exclusive of VAT or local sales Tax.
- Minimum licence fees apply.
- Per user pricing quoted is annual.
- All licence fees are paid annually in advance.
- Prices are subject to Discovery & Readiness Assessment outcomes.
- Separate rate card applies for Professional Services including Discovery & Readiness Assessment, Training, Onsite support etc. Available on request.
- All prices quoted are inclusive of Standard Support and Hosting
- Price illustrations do not include any local CPI (annually applied, where applicable)
- Prices are based on risr/ Standard SaaS Master Services Agreement Terms
- Enhanced Services are available on request at an additional charge
