Overview

Service Definition

Gravitas provide consultancy services to Higher Education Institutions to support the data migration, data integration, and Data quality/ Governance needs associated with the Implementation, support and Enhancement of cloud hosted systems.

This includes the management of data required for Statutory reporting obligations to bodies such as HESA.

As part of this service, we can provide the following:

1. Consultants with strong strategy, design and Business Analysis skills who can facilitate the planning of these projects.
2. Consultants who offer discovery services to help clients identify business requirements, conduct gap/risk analysis, and support with the process of tendering for a new solution/technology.

Services

Gravitas work with Higher Education Institutions to provide consultancy services related to support with the development and implementation of Business Intelligence (BI) Solutions, this includes:

- Database/ Datawarehouse design and Architecture
- Data Modelling requirements
- Producing BI Reports
- Producing BI Dashboards (e.g PowerBI, Tableau & Qlikview)

This is across all the major cloud platforms:

- Azure
- AWS
- GCP

Aswell as covering services related to Statutory reporting, such as:

- Data Quality
- Governance
- Analysis
