Overview

Service Definition

Gravitas provides consultancy services to the NHS, which includes Primary, Secondary and Tertiary institutions, to provide the below in relation to their Electronic Patient Record systems (EPR):

- Implementation
- Support
- Enhancement

EPR Systems which we can provide services around (but not limited too):

- Cerner
- EPIC
- Meditech
- Allscripts
- Lorenzo
- RiO
- System C
- Nerve Centre

Other systems include, but not limited to:

- LIMS (e.g. WinPath & ICE)
- PACS
- PAS
- Maternity Systems

Services

Gravitas provides specialist consultancy services to the NHS to support the migration of Electronic Patient Record systems (EPR) into the cloud, and implementation of cloud hosted EPR/clinical system solutions. We provide Business Analysis and discovery services to help clients identify business requirements, conduct gap/risk analysis, and support with the process of tendering for a new system.

Our key services include but are not limited to:

- Planning & Analysis
- Data migration
- Forms design
- System configuration
- Testing
- Training
- Software development
- Integration development (to HL7 and FHIR standards, using all key integration engines such as Cloverleaf, Rhapsody, Intersystems IRIS, HealthShare, Mirth, Ensemble, Cache etc.)
- Project management/ Project/Programme governance/ Project assurance
- Cutover management
- Post go live support and handover to business as usual
- System / Data Validation
