Quris® Pricing (UK)

Version: 1.0

Last updated 26th January 2026

Quris® Pricing Guide (UK)

Quris® licensing is based upon organization size and which modules within the platform are required. The pricing information below is provided as a guide. Prices are **cost per month**.

Module	Small	Medium	Enterprise
Quris® Clinical Companion ¹	£1,250	£3,000	£9,000
Quris® Patient Companion ²	£4,000	£11,000	£19,500

¹ The **Clinical Companion** module focuses on knowledge-based resource and information provision (e.g. guidelines, protocols, policies, patient information, etc.) that has little/no interactivity or data collection/integration requirements. Set-up/configuration one-off initial cost approx. £3,000 - £9,000 depending on requirements/org. size.

² The **Patient Companion** module focuses on data collection (e.g. PROMS, PREMS, questionnaires, wearables, IoT devices, etc.) , aggregation and inclusion of clinical rules/algorithms to provide recommendations to both patients and/or clinical teams. Set-up/configuration one-off initial cost approx. £25,000 - £65,000 depending on requirements/org. size.

Both modules come as integral components of the Quris™ Healthcare Platform and can be enabled/disabled independently.

Small	A single department , or area of specialty. Maximum of 2 Collections. Additional Collections can be added at a cost.
Medium	Multiple departments or specialties within a single organization, e.g. a hospital . Maximum of 10 Collections.
Enterprise	A group of hospitals within a single Trust or Health Board . Unlimited Collections.

A **Collection** is a bundle/group of information, resources and tools aimed at supporting a specific group of users, e.g. Radiology, Antimicrobial, Obstetrics and Gynaecology, Paediatrics, Emergency Medicine, etc.
