Service Limits and Assumptions

The pricing set out in this document is based on the following standard service assumptions. These assumptions do not limit buyer use of the service but define the basis on which pricing applies.

Assumptions:

- The service is subject to a **fair usage policy** consistent with enterprise SaaS norms
- Supported platforms include **SAP S/4HANA Accounts Payable** and **Unit4 Financial Management (AP)** modules
- Hosting and data residency are provided within **UK and/or EU cloud regions**
- Usage materially outside these assumptions may require additional capacity or configuration, priced in accordance with this pricing document

Optional Implementation & Support

Buyers may optionally procure professional services to support onboarding, configuration, optimisation, migration, or integration. These services are **not mandatory** for use of the SaaS offering.

SFIA- Aligned Rate Card – [Optional Services Only]

The following SFIA-aligned day rates apply only to optional professional services requested by the buyer. These services are not mandatory for use of the SaaS offering.

These rates do not apply to the core SaaS subscription, which is priced separately as set out in this pricing document.

The Skills for the Information Age (SFIA) definitions and rate card will be used to determine the cost of optional services based on agreed scope. All resources are UK-based.
