

G-Cloud Pricing Document

G-Cloud 15

Service Pricing:

As an experienced supplier of cloud support security services to the public sector, we have built up a reputation for quality and security excellence. We understand the importance of demonstrating the value we offer and deliver value for money by providing a balance of competitive price and quality service.

- Pricing for this service is based on the applicable Skills for the Information Age (SFIA) rate card, which is available as a separate document attached against this service on the Digital Marketplace.
- The services will be priced based on the required team, grades of consultant(s) and project timescales and agreed when scoping the exact requirements for the project.
- A Scope of Work (SoW) will be produced, detailing the exact requirements and entire scope.
- Pricing can be provided as a fixed price, or as Time and Materials.
- Agreed timescales will have a dependency on the specific scope requirements and the size and complexity of the project and the team used to deliver. Armadillo Sec Ltd will work with you to best size the engagement and the team required to meet the project requirements.
- Professional Indemnity Insurance is included in the day rate.

Day Rates are between £750+VAT and £1350+VAT dependant on the above factors.
