

G CLOUD 15 PRICING DOCUMENT

WORK PACKAGES

Customers should contact Talan to allow a package of work to be scoped and agreed between the parties. This will form the basis of the order and be subject to Talan's standard terms and conditions.

We are committed to working with our clients to find the most appropriate commercial model for the required service with focus on ensuring value for money. Whilst all of our pricing is resource based, we are able to offer pricing for defined packages of work on a firm/fixed basis or Time & Materials (T&M) or a combination of both models using our published SFIA rate card.
