ABOUT RPC

RPC UK Ltd is a leading and long-standing Oracle partner. Since 1992 we have specialised in the Primavera suite of software products and tool sets. Our role is to not only supply the licences, but to also assist organisations with their setup and configuration, initial and ongoing training and support needs (available via G Cloud in Cloud support). We are dedicated to ensuring that you get the best outcomes from your investment which is why we have an enviable and long-standing partnership with Oracle to this day. RPC is proud to be a 100% employee-owned business.

Our Partnership with Oracle gives us the ability to offer highly discounted licences on the entire Oracle Primavera suite of products.

SERVICE OVERVIEW

Oracle's Primavera P6 Enterprise Project Portfolio Management is the most powerful, robust and easy-to-use solution for prioritising, planning, managing and evaluating projects, programs and portfolios.

Oracle's Primavera P6 EPPM is a cloud-based Software as a Service (SaaS) solution backed by a global network of Oracle Project Portfolio Management professionals and the assured security, scalability, performance and support from one of the world's largest cloud vendors. It provides a 100% web-based solution for managing projects of any size, adapts to varying levels of complexity across projects and intelligently scales to meet the needs of all roles, functions, or skill levels in your organisation and on your project team.

Oracle's Primavera P6 Enterprise Project Portfolio Management is also available in the **United Kingdom Government Cloud Service**. This is a cloud-based solution specifically designed for government organizations, providing the same features and benefits as the standard cloud service, but with additional security and compliance measures to meet the specific needs of government agencies that require data to be held at Official Sensitive levels. Full pricing and service description found below

ENSURE PROJECT DELIVERY SUCCESS FOR ALL YOUR PROJECTS AND PROGRAMS

Primavera P6 Enterprise Project Portfolio Management (Primavera P6 EPPM) is an integrated project portfolio management (PPM) application that includes role-based functionality to match each team member's needs and responsibilities. It provides executives with a real-time view of their organisation's project performance, equips project participants with the right blend of usability, power and flexibility to effectively execute projects, and enables workers across all levels of an organisation to analyse, record, and communicate reliable information and make timely decisions.

Primavera P6 EPPM can easily scale from a single user on a small project to tens of

thousands of users engaged in millions of activities across hundreds of projects both on-premise and in the cloud. The solution is built on a robust architecture and is designed to deliver high performance with tight security, flexible integration and real-time reporting and analytics.

PROJECT MANAGEMENT – ANYTIME, ANYWHERE

Primavera P6 EPPM gives the project team anytime, anywhere, access to their project information through flexible Web-based user interfaces. Users have alternate interfaces including interactive dashboards, web applications, and simple forms to consume role-specific information. In addition, team members can easily and quickly update status by using any of the interfaces that best accommodate their line of work. Interfaces include the P6 Team Member for iOS, P6 Team Member for Android, P6 Team Member Web (which is optimised to run on a tablet), and an email statusing option. Interactive activity Gantt charts allow planners, schedulers and project managers to communicate a more accurate and complete graphical representation of a project's schedule, while calendar and activity network views provide team members with an intuitive view for displaying their assignments, along with the required information to perform the work.

Primavera P6 CPM Schedule

- Plan, schedule, and control large-scale programs and individual projects
- Secure multiuser access to schedules
- Allow project managers to coordinate costs
- Open and schedule multiple projects simultaneously
- Adaptable views
- Team member interfaces for gathering status updates

PRODUCT LIST

The following table identifies the different Products available within the Primavera P6 Enterprise Project Portfolio Management Cloud Service (P6 EPPM) and its additional add-ons.

APN	Product	Type	Metric
B76057	P6 EPPM Cloud Service	Core	Hosted Named User
B96106	Primavera P6 EPPM Cloud Service for United Kingdom Sovereign Cloud	Core	Hosted Named User
B76058	Primavera P6 Progress Reporter Cloud Service	Add-On	Hosted Named User
B111767	Primavera P6 Progress Reporter Cloud Service for United Kingdom Sovereign Cloud		Hosted Named User
B76059	P6 EPPM Peripheral Access Cloud Service	Add-On	Hosted Named User
B111765	P6 EPPM Peripheral Access Cloud Service for United Kingdom Sovereign Cloud	Add-On	Hosted Named User

SERVICE DURATION

Oracle Primavera P6 EPPM Cloud Service is a SaaS based solution that can be purchased for a minimum initial agreement of 12 months, with the ability to extend.

OTHER SERVICES

RPC UK has Support services and Training available for P6 EPPM in G-Cloud under a separate offering.

PRIMAVERA P6 EPPM UNITED KINGDOM SOVEREIGN CLOUD SERVICE

The Primavera P6 EPPM United Kingdom Sovereign Cloud Service, is a sovereign, dedicated dual-region cloud for UK Government & Defence customers (UK Sovereign Cloud) designed to reflect the requirements of UK Government. This realm is accessible only to UK Government and associated entities, as listed by Crown Commercial Services (CCS).

Access to transactional data stored in the Cloud Service is exclusively granted to UK Nationals residing in the UK, unless you provide prior written consent. This ensures that your data is handled by individuals who understand and respect UK data protection laws.

UK Nationals with access to your transactional data will also have a minimum of SC Clearance.

The Primavera P6 EPPM United Kingdom Sovereign Cloud Service also provides you with a UK Cloud Operations public sector compliance analyst. This expert will guide you through your initial assessment against the Supplier Assurance Framework and Cloud Security Principles, ensuring you meet all necessary compliance requirements.

As of November 2023, this Cloud Service has received a Cyber Essentials Plus certification, signifying its adherence to the stringent requirements of the Cyber Essentials scheme. Oracle will endeavour to maintain this Cloud Service to meet the requirements of Cyber Essentials and Cyber Essentials Plus, aligning with the National Cyber Security Centre (NCSC) Cloud Security Principles.

Choose the Primavera P6 EPPM United Kingdom Sovereign Cloud Service for a secure, reliable, and compliant cloud solution.

Key Benefits

Dedicated and private cloud, purpose-built for the workloads of UK Government & Defence	Sovereign Operating Model to ensure OFFICIAL-SENSITIVE workloads	Disaster recovery and high availability capabilities for UK Government customers
Only accessed by SC Cleared UK Citizens and residents	Cyber Essentials Plus compliant	DPA compliant
Aligns with UK Cloud Security Principles	Meets NHS Digital standards	Meets Police Assured Secure Facilities standard

SERVICE DESCRIPTIONS AND METRICS

Primavera P6 Enterprise Project Portfolio Management Cloud Service – Per Hosted Named User

Part #: B76057

Users of the Primavera P6 Enterprise Project Portfolio Management Cloud Service are authorized to access the following modules or functionalities:

- Primavera P6 Enterprise Project Portfolio Management
- Primavera P6 Professional
- Primavera P6 Team Member
- Primavera P6 Peripheral Access Cloud Service
- Oracle Analytics Publisher*
- Oracle UPK Server **
- On-premises to Cloud Migration Support; as described in Appendix 2 to these Service Descriptions
- Primavera Gateway***

* Usage is restricted to functionality integrated with P6 Enterprise Project Portfolio Management Cloud Service. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

** You are responsible for providing content to be hosted in UPK Server

*** Primavera Gateway provides for the exclusive use of integrating Primavera P6 Enterprise Project Portfolio Management Cloud Service with other Primavera Cloud Services

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order
- Oracle will provision two (2) Environments for this Cloud Service: Production and Non-Production (also referred to as the stage environment).
- Additional Non-Production Environments may be purchased subject to additional fees.
- Files uploaded to Primavera P6 Enterprise Project Portfolio Management, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
36 hours	1 hour	99.5%

The RTO, RPO, and Target Service Availability Level do not apply to the Non-Production Environment(s). The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

Oracle Cloud Policies and Pillar Documentation:

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera P6 Progress Reporter Cloud Service – Per Hosted Named User

Part #: B76058

Users of the Primavera P6 Progress Reporter Cloud Service are authorized to access the Primavera P6 Team Member module.

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order.
- Files uploaded to Primavera P6 Enterprise Project Portfolio Management, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

Pre-Requisite Base Service

In order to use this Oracle Cloud Service, You must first purchase one of the following:

- Primavera P6 Enterprise Project Portfolio Management Cloud Service – Per Hosted Named User (Part #: B76057)
- Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service – Per Hosted Named User (Part #: B96106)

Disaster Recovery and Service Availability

The RTO, RPO, and Target Service Availability Level of this Oracle Cloud Service are provided with the applicable pre-requisite base service.

Oracle Cloud Policies

Your order for this Oracle Cloud Service is subject to the *Oracle Cloud Hosting and Delivery Policies* and *Oracle Industries Cloud Services Pillar Document*, which may be viewed at www.oracle.com/contracts/cloud-services.

Primavera P6 Enterprise Project Portfolio Management Cloud Service for United Kingdom Sovereign Cloud - Hosted Named User

Part #: B96106

(Formerly known as Primavera P6 Enterprise Project Portfolio Management United Kingdom Government Cloud Service)

Available in United Kingdom Only.

For this Primavera P6 Enterprise Project Portfolio Management Cloud Service for United Kingdom Sovereign Cloud, Your Content is hosted within a UK-based data center for both production and disaster recovery purposes.

Oracle's access to Your transactional data stored in the Cloud Service will be restricted to UK Nationals who are residing in UK unless You provide prior written consent. UK Nationals with access to Your transactional data will also have a minimum of SC Clearance provided that (i) Oracle has the continued ability to sponsor applications for SC clearance; and/or (ii) a central government department has agreed to sponsor individuals for SC clearance where required by Oracle, if requested to do so.

The Primavera P6 Enterprise Project Portfolio Management Cloud Service for United Kingdom Sovereign Cloud includes support from a UK Cloud Operations public sector compliance analyst to assist You with Your initial assessment against the Supplier Assurance Framework and Cloud Security Principles.

This Cloud Service, as of November 2024, has received a Cyber Essentials Plus certification and complies with the requirements of the Cyber Essentials scheme.

Oracle will endeavor to maintain this Cloud Service to meet the requirements of Cyber Essentials and Cyber Essentials Plus and to align with the National Cyber Security Centre (NCSC) Cloud Security Principles.

Users of the Primavera P6 Enterprise Project Portfolio Management Cloud Service for United Kingdom Sovereign Cloud are authorized to access the following modules or functionalities:

- Primavera P6 Enterprise Project Portfolio Management
- Primavera P6 Professional
- Primavera P6 Peripheral Access Cloud Service for United Kingdom Sovereign Cloud
- Primavera P6 Team Member
- Oracle Analytics Publisher*
- Primavera Gateway**

* Usage is restricted to functionality integrated with P6 Enterprise Project Portfolio Management Cloud Service for United Kingdom Sovereign Cloud. Direct access to Oracle Analytics Publisher is limited to users with BIAuthor role and for the sole purpose of creating or editing reports. Running reports directly in Oracle Analytics Publisher is not supported.

** Primavera Gateway provides for the exclusive use of integrating Primavera P6 Enterprise Project Portfolio Management Cloud Service with other Primavera Cloud Services

Usage Limits: This Oracle Cloud Service is subject to the following usage limits:

- A maximum number of Hosted Named Users as identified in Your order
- Oracle will provision two (2) Environments for this Cloud Service: Production and Non-Production (also referred to as the stage environment).
- Files uploaded to Primavera P6 Enterprise Project Portfolio Management, including but not limited to documents, drawings, and photographs, must be directly related to the corresponding Primavera P6 Enterprise Project Portfolio Management Project.

Disaster Recovery and Service Availability

As described in the Oracle Industries Cloud Services Pillar Document, this Oracle Cloud Service has the following Recovery Time Objective (RTO), Recovery Point Objective (RPO) and Target Service Availability Level for the Production Environment:

Recovery Time Objective (RTO)	Recovery Point Objective (RPO)	Target Service Availability Level
12 hours	1 hour	99.5%

The RTO, RPO, and Target Service Availability Level do not apply to the Non-Production Environment(s). The Target Service Availability Level does not apply in the event of a declared disaster. The RTO and RPO do not apply to customizations or third party software.

RPC UK Ltd is based in a semi-rural setting on the edge of Guiseley, West Yorkshire.

In 2023, RPC UK Ltd transitioned to a 100% employee ownership model, in which every member of our growing team has an equal stake in the business, reinforcing and fostering the exemplary team ethos and high level of client satisfaction of which we were already very proud.

Oracle Primavera Specialists

RPC UK Limited (RPC) is the UK and Ireland's foremost supplier of enterprise project management and planning solutions.

Having been an accredited Primavera partner since 1992, we are now a member of the Oracle Partner network in the Cloud Sell and License and Hardware tracks.

Delivering Software Solutions

RPC has gained a strong reputation for successfully delivering tailored and integrated project controls software solutions to our clients in boutique to blue chip organisations in both the public and private sectors. We work across multiple industry verticals with particular expertise in the following areas:

- Engineering and Construction
- Aerospace and Defense
- Travel and Transportation
- Utilities
- Professional Services

We configure and implement solutions built in the Oracle Primavera toolset and also develop our own custom solutions to expedite the execution of common project controls processes including Earned Value Management, Contract Management, Risk Management, Change Management and more.

Alongside this, we also offer Primavera P6 Hosting on a secure Oracle Cloud Infrastructure platform and a subscription Support service.

Oracle Primavera Training

RPC is an Oracle Approved delivery partner for Primavera product education and training throughout the UK and Ireland, and we deliver training to clients worldwide, both in person and via our online training model.

We can deliver standard curriculum courses or bespoke training, as required, from our own training venue on the outskirts of Leeds, on client premises or online via Microsoft Teams. We also offer eLearning via our own hosted platform, for delivery via a client's own LMS system or fully bespoke as an enterprise solution.

Oracle Global Partner of the Year

In 2025, RPC was awarded the Oracle Global Partner of the Year Award in the Construction and Engineering Industry Solutions category in recognition of our innovative work in creating and licensing to Oracle a NEC4 Contract Management solution for Oracle Unifier. This global award puts RPC firmly on the map as the UK's Oracle Primavera Partner of choice and aligns with our company mission to create and deliver Oracle project controls solutions that empower project teams.
