

ERPAPPS PRICING APRIL 2026

Portal pricing is per active portal users, so you may have 20,000 suppliers in your customer / supplier / resource masterfile, but you could choose to just have 10,000 portal accounts. The 10,000-user license is per portal, additional can be purchased.

The minimum term should be three years; the base prices will be fixed but will be subject to indexation as per standard terms. Contracts should be aligned with your Unit4 renewal date and the first year extended to align. Where the Unit4 contract is less than three years, discretion may be used to align the contracts.
