

The trusted app for professionals investigating and managing noise and community safety issues. Users simply record the noise and submit their recording directly to their housing provider, local authority or regulator.

thenoiseapp.com

400+

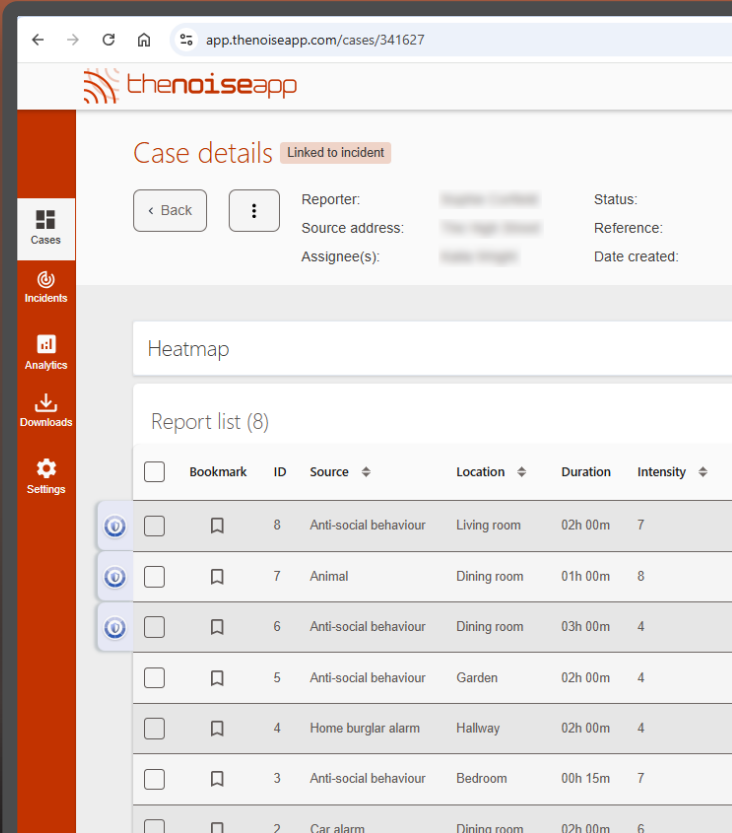

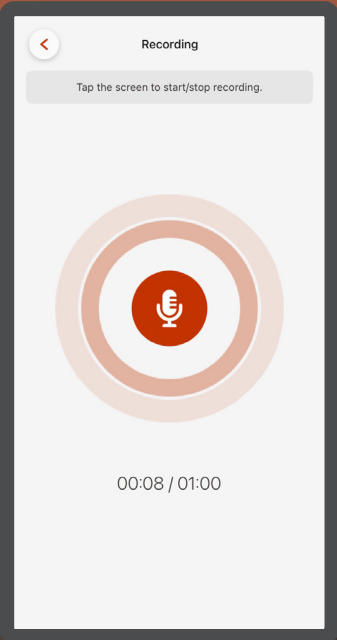

Over 400 organisations are registered to receive noise reports.

4+

Operational in the UK, Netherlands, Ireland and Australia, with an ever-growing customer base.

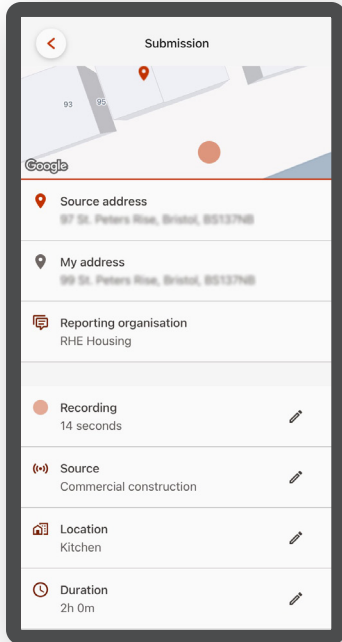

1 million+

More than a million noise reports are processed annually.

**“We’ve seen noise complaints
reduce by 1,800 per annum
(a 35% drop), with 93% of cases
closed within six months.”**

Christopher Swinscoe
Bristol City Council

Why choose the UK’s number one noise reporting app?

Identify potential safeguarding concerns by interpreting and managing toxic language using AI.

Use recordings as evidence in court cases, including statutory nuisance and civil injunctions.

Submit recordings in an instant, including picture and video corroboration.

Strengthen data by capturing your own professional evidence to support existing reports.
