

Customised eLearning

Service Definition Document

CourseKit

CourseKit is Aurion Learning's own suite of fully customisable, essential online training courses.

Each CourseKit is packed with engaging content and built-in assessments that are ready to use, or can be customised to meet your exact requirements: from simple branding edits to full adaptation of course content and screens.

Change it as much or as little as you like: brand it, expand it, it's yours to own. Simply **purchase, download** and **launch**.

Developed in the leading Articulate Storyline 360 tool, course titles include Fire Safety, Health & Safety, Equality & Diversity, and many more.

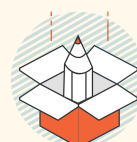

**Fully
Customisable**

Fees**

Customised eLearning

Aurion's customised eLearning solutions are fully tailored to meet the unique needs of your learners and reflect the goals and culture of your organisation.

We understand that every learning challenge is different and our customised eLearning solutions are specifically tailored to address your unique challenge.

From bite-sized learning resources to a suite of fully accessible eLearning modules packed full of scenarios, job aids and interactive learning content, our proven approach ensures that the eLearning content we develop is precisely tailored to your requirements; achieving your goals and delighting your users.

Over the course of our 20+ years as industry leaders, Aurion has built up a 'toolbox' of templates, assets and approaches that we can draw upon to create fully customised digital learning solutions using best of breed tools including the Articulate 360 suite (Storyline and Rise) and Aurion High5, our very own design framework.

All customised modules incorporate best practice instructional design techniques and proven learning models, combined with expert graphic design,

Elevate your eLearning

Animation and Video

Immersive and dynamic learning with bespoke visuals, training videos and professional audio content.

Accessible by Design

Foster inclusivity and empower diverse minds with WCAG 2.1 Level AA compliance embedded as standard.

Engaging Content Types

Create impactful learning experiences with games, scenarios, quizzes, reflective activities and more.

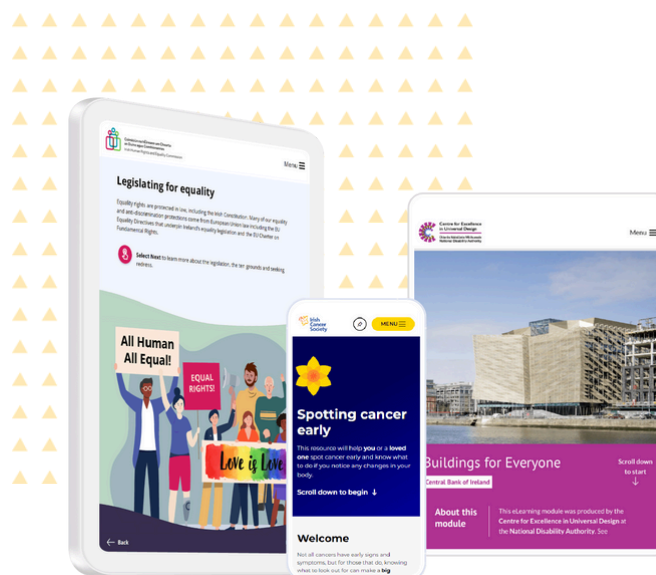

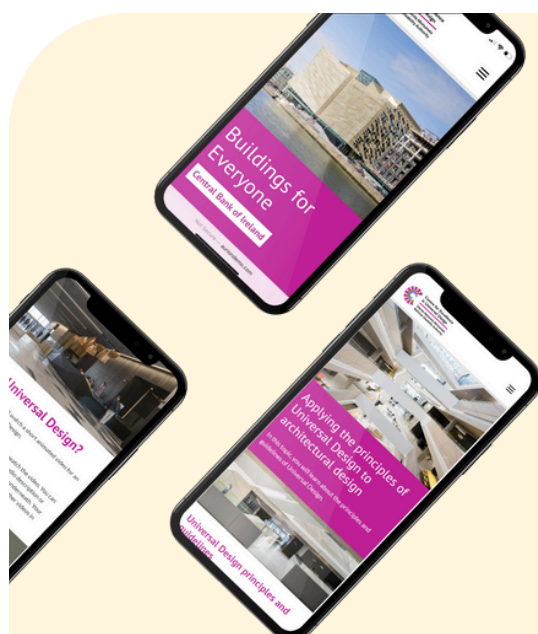

Spotlight on Aurion High5

Aurion High5 is a design framework that delivers the highest levels of accessibility, mobile compatibility and flexibility to make your learning vision a reality. It provides a web-style (HTML5) learning experience across any device.

Flexible designs enable you to deliver custom eLearning courses via the web or any learning management system or learning platform, making High5 ideal for any public facing initiative or internal training project.

Aurion High5 guarantees a high level of:

- ✓ Accessibility
- ✓ Mobile experience
- ✓ Control
- ✓ Flexibility
- ✓ Future-readiness

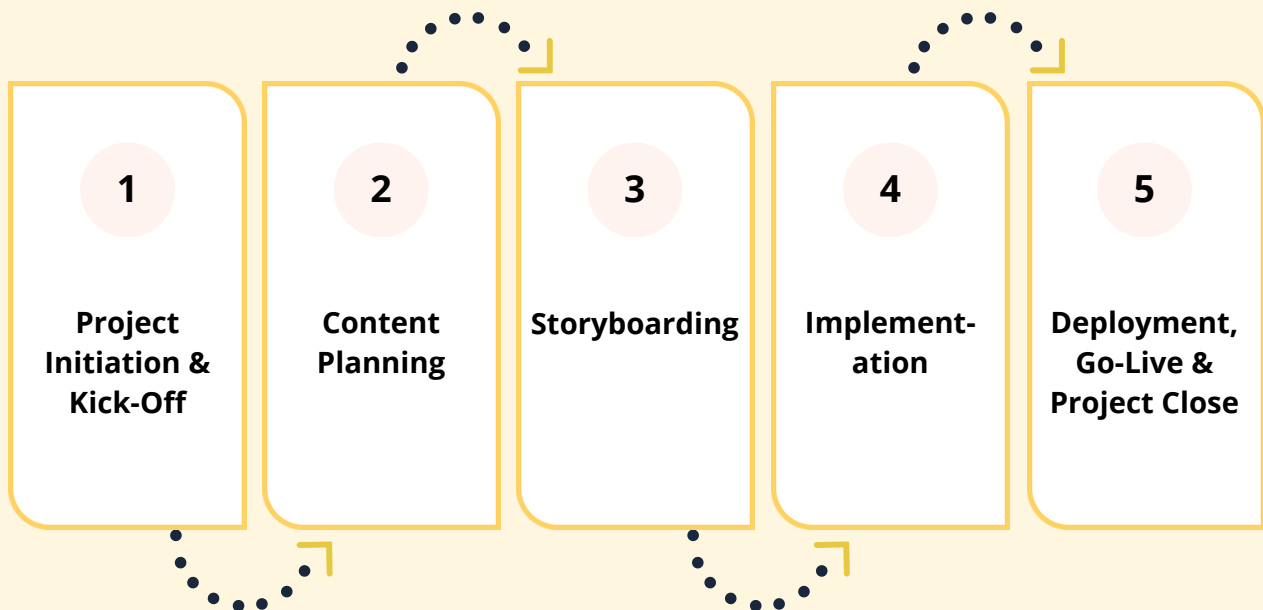

Aurion Learning's expertise in creating a highly impactful, engaging and accessible eLearning module on the benefits of Universal Design has been extremely beneficial throughout this project. Their step-by-step methodology ensured the project progressed smoothly, with close collaboration with their team throughout.

Ruth O'Reilly, Senior Built Environment Design Advisor, Centre for Excellence, National Disability Authority

Delivery Approach

Our award-winning team of learning designers and developers are on hand to help you design, develop and deploy your learning solution using our 5-stage eLearning development methodology:

Fundamentals of our Approach

- 
Project Management
 We assign a dedicated Project Manager with PRINCE2-based techniques to deliver on time and within budget.
- 
Account Management
 We assign a named Account Manager as an additional point of contact to ensure the ongoing success of your initiative.
- 
ISO 9001 Quality Management
 All Aurion products and services are delivered in line with our ISO 9001:2015 accredited quality processes for a low-risk solution.
- 
Dedicated Support
 Admin support via our web, phone and email helpdesk, serviced by our friendly and knowledgeable in-house Support team.
- 
Security at the Core
 Aurion holds Cyber Essentials certification and maintains business continuity and disaster recovery plans for secure, reliable service.
- 
Learning that Works
 Learning is in our DNA. Every project we deliver is grounded in effective learning design and supported by the latest in learning tech.

About Aurion Learning

Aurion Learning was founded in 2000 with a simple and clear vision - to create **learning that works**. Everything we do stems from that vision.

With decades of combined learning, technical and creative experience, we will work with you to deliver the very best learning experience that works for your goals, your organisation and your learners.

Our aim is simple: to create learning that works for you, your goals and your organisation. Specialising in customised digital learning solutions, we address workplace challenges with a tailored, quality-driven approach, leveraging expertise, innovation and flexibility for optimal results.

- We lead with our love and understanding of learning.
- We don't believe in a one-size-fits-all approach.
- We ensure personalised, impactful learning outcomes.
