

Data Protection Officer as a Service

Your trusted partner for data protection compliance physical security

In today's regulatory landscape, data protection is mission critical. Fines of up to £17.5M, reputational damage, and operational disruption are real risks for organisations that fall short.

The challenge?

Recruiting and retaining a qualified DPO is costly and competitive. Internal teams are stretched thin. Compliance tasks compete with core business priorities.

PGI's solution: DPOaaS

We take the complexity out of compliance and give you peace of mind:

Immediate access to accredited experts without recruitment headaches.

Independence and objectivity, ensuring no conflicts of interest.

End-to-end compliance support, from ICO liaison and audits to breach management and training.

Flexible engagement models, tailored to your budget and needs.

Proactive risk management, reducing exposure and strengthening resilience.

What you get

Regulatory liaison with the ICO and supervisory authorities.

Compliance audits and gap analysis to identify and remediate risks.

Policy and documentation management, including RoPA and DPIAs.

Rapid breach response, investigation, and reporting.

Supply chain assurance for third-party compliance.

Data subject request handling in line with GDPR.

Awareness training to embed best practice across your organisation.

Why choose PGI?

Expertise you can trust

Our consultants hold leading certifications (CISSP, CISM, ISO 27001 Lead Auditor, CREST) and have delivered GDPR compliance programmes across multiple sectors.

Independence and objectivity

Avoid conflicts of interest with an outsourced DPO who acts as your regulatory liaison and compliance champion.

Flexibility built around you

Choose the level of engagement that fits your budget and operational needs—quarterly, monthly, or ad hoc.

End-to-end coverage

From ICO registration and compliance audits to breach management, policy development, and staff training, we cover every aspect of data protection.

The background of the lower half of the page is a black and white photograph of a skyscraper, viewed from a low angle looking up. The building's facade is a complex grid of windows and structural elements. Overlaid on this image are three large, semi-transparent green circles. One circle is in the upper left, another is in the middle left, and a third is in the lower left. The text is placed within the middle-left circle.
