

PRICING DOCUMENT

Unify Prisoner In -Cell Solution (PICS) for prisons and secure facilities

The cost to install the Unify Prisoner In-Cell Solution (PICS) varies according the size of each establishment and the infrastructure already in place.

The PICS can be self-funded or can generate an income where appropriate.

Main solution

1. PICS Solution Software
2. PICS Solution Hardware
 - Cloud hosted server and software
 - Pi in-cell hardware
 - LAN Hardware
 - WAN Hardware
3. Installation
4. Maintenance

Optional Extras

1. Cat5e In-cell/in-bedroom/wing based Network

Cost

The cost of the PICS starts at £1.50 per prisoner or resident per day for a Three year contract, this does not include VAT. Longer term contracts and outright purchase prices are available and can affect the price. The minimum contract is one year.
