

# Hippo G-Cloud 15 Services

# About Hippo

500+  
experienced  
specialists

Consultants and experts based throughout the UK with experience in Design, Product, Engineering and Delivery.

Combining  
design, data and  
delivery

Our approach bridges the gap between user-centred design principles and robust engineering, data and cyber practices, allowing our clients to thrive as modern organisations.

Equipped across  
Government,  
Healthcare and  
Private Sectors

We deliver citizen-centric digital services at scale for Government and Healthcare and harness this capability to accelerate the success of customer programmes for the Private sector.

We put people  
first

For digital services to be effective they need to be designed for people. We don't lead with technology. Instead we ask how we can solve problems for users from an experience perspective.

# Our clients

We work with a growing range of public, private and third sector organisations

# Our clients

We work with a wide range of public sector organisations:

Ministry  
of Justice

Department  
for Education

Department

- Test Engineers
- Data Analysts/Engineers
- Data Scientists
- Security Architects

## Design & Research

Helping our clients understand the problems their users face, design the solution and measure its impact.

- User Research
- Content Design
- UX/UI Design
- Service Design

# Hippo core values

Our core values guide the way we operate. They help us make decisions, and keep each other on track.

We believe that if we all act in line with these core values, together we can create a great culture.

At the heart of everything we are human, and we have to balance our ambitious and pragmatic qualities in order to succeed.

Human

Honest, collaborative  
and inclusive

Ambitious

Passionate,  
value-driven, and bold

Pragmatic

Realistic, adaptive and  
focussed

# Flexible delivery models

## Full Hippo team

Deploying full Hippo multidisciplinary teams and squads, and fully delivering outcomes on behalf of our sponsors.

## Part of the team

Adding our people and experience into client teams; providing coaching and mentoring, filling a capability gap, and/or leading teams.

## Rainbow team

Collaborating with various different client and vendor teams to deliver as part of a successful 'rainbow team'.

# Our technology partner ecosystem

Hippo's teams are multidisciplinary and have broad technical experience across a wide range of platforms.

Our approach is tech agnostic, meaning we can bring the right solutions to the table to solve complex problems.

Microsoft  
Partner

Gold Cloud Platform  
Silver Security

# Social value

## Environmental responsibility

Taking action to reduce climate change and protect the natural environment

## Sustainable procurement

Supporting the growth of a diverse and resilient supply chain

## Social equity

Creating opportunity and growth for all

## Diversity, inclusion and belonging

Driving diversity, opportunities and equal reward in the tech sector

## Health and wellbeing

Help our people, clients and communities to thrive

# Why we're a different kind of partner

Nobody does scale  
and pace like us

Broad capability,  
deep specialism

We're a local partner  
with national impact

We enhance your  
skills and maturity

# Programme Delivery Review Consultancy

# Programme Delivery Review Consultancy

Our experienced consultants provide fast-paced, analytical reviews of delivery at programme and project level to reduce risk.

We can support improvements to programme governance, portfolio management, product roadmaps, team structures and technical assessments of Cloud-based solutions.

## Features

- Highly experienced management consultants bringing relevant expertise.
- Engaging and collaborative approach ensuring open/transparent view of work.
- Experience in programme-level review against business case.
- Experience in conducting programme-level independent critical-friend reviews.
- Experience in programme-level review supporting external review (e.g. MPA).
- Specialist expertise to meet needs (e.g. Identity Access Management).
- Programme/delivery audit including end-to-end assessment to provide delivery confidence.
- Service Assessment and next phase-readiness review.
- Recommendations and recovery planning.
- Direct support across programme and delivery including digital professionals.
- Holistic design, product, delivery and technical review.

## Benefits

- Enables key stakeholders to understand programme's current status/direction.
- Enables understanding of key stakeholder perspectives.
- Increases the pace of delivery with the programme team.
- Builds confidence amongst colleagues in the work they are doing.
- Assures delivery confidence.
- Enables teams to prioritise work more effectively and proactively.
- Increases productivity, delivering value more quickly/more often.
- Removes blockers decisively using our practitioners' extensive experience.
- Reduces risks associated with meeting service assessment standards.
