About Hippo

500+
experienced
specialists

Consultants and experts based throughout the UK with experience in Design, Product, Engineering and Delivery.

Combining
design, data and
delivery

Our approach bridges the gap between user-centred design principles and robust engineering, data and cyber practices, allowing our clients to thrive as modern organisations.

Equipped across
Government,
Healthcare and
Private Sectors

We deliver citizen-centric digital services at scale for Government and Healthcare and harness this capability to accelerate the success of customer programmes for the Private sector.

We put people
first

For digital services to be effective they need to be designed for people. We don't lead with technology. Instead we ask how we can solve problems for users from an experience perspective.
