GRC, Strategy, and Performance (GSP) Pricing

Riskconnect's Governance, Strategy, and Performance (GSP) platform delivers a comprehensive, modular approach to integrated risk management. Our flexible pricing structure enables UK public sector organizations to build tailored solutions that align with their specific governance, risk, and compliance requirements. This ensures you only pay for the capabilities you need while maintaining the flexibility to scale as your requirements evolve.

Annual License

The GSP IRM Platform bundle serves as the essential foundation for all Riskconnect applications, providing the infrastructure, user access, and support services that power your risk and governance solutions. This base platform is required once, regardless of how many application bundles you deploy.

	Description	Cost
GSP IRM Platform	Includes: • 50 Users (any role) • 15 GB Data • 1 Production Database Deployment • 1 Test Database Deployment • 8 Virtual Consulting Hours • 24x7 Helpdesk Support • GSP College – Access for all users • Product Reporting Library • SSO • Secure Public Cloud	£12,800 based on a 50-user bundle
