G-Cloud 15 Framework

Digital Health Passport

Lot 3: Cloud Support Services

TinyMedicalApps.

1.0 Introduction

Lot 3 Cloud Support Services provide optional, time-limited support to enable the safe adoption, training, evaluation and benefits realisation of the Digital Health Passport SaaS platform.

The Digital Health Passport platform is procured separately under G-Cloud Lot 2b and operates independently of Lot 3 services.

All Lot 3 services are delivered on a time and materials basis using the Supplier's published Lot 3 Rate Card.

Indicative maximum spend figures are non-binding planning assumptions only and do not form part of the framework price evaluation, which is based solely on the published Lot 3 day rates.

2.0 Indicative Maximum Annual Spend

The table below provides indicative maximum annual spend levels for Lot 3 Cloud Support Services based on typical deployment scale.

All services are charged on a time and materials basis using the Supplier's published Lot 3 Rate Card.

Any maximum values represent not-to-exceed caps agreed at call-off for planning and budgetary control and do not replace the underlying Rate Card pricing mechanism.

Band	Deployment scale	Indicative maximum annual Lot 3 spend (ex VAT)
A	Neighbourhood / PCN / small unitary	Up to £5,000
B	Place	Up to £10,000
C	System	Up to £25,000
D	Large system / ICB	Up to £40,000
E	Regional / multi-ICB	Up to £60,000
F	Mega / national	Advised at call-off
