Oracle Fusion Cloud ERP/HCM Security and Controls Implementation Support

The Security and Controls Support for Oracle Fusion Cloud ERP/HCM provides consultancy to support you in assessing, designing and implementing a secure and controlled Oracle Fusion Cloud ERP or Fusion Cloud HCM system, or with the remediation of security and controls challenges.

The scope, duration and timing of individual projects are to be agreed between your organisation and Systems Risk Services. The minimum project duration is 15 days, with no maximum size of project (see **Volume Discounts** section below).

The day rates are noted in GBP in the table below. VAT will additionally be charged at the current rate. Day rates are based on an 8-hour working day, Monday to Friday excluding national holidays. Travel costs are included within the M25 and are payable at department's standard T&S rates outside M25.

Extra services

If the organisation is already using Oracle Fusion Cloud ERP, we recommend our **Oracle Fusion Cloud ERP Security and Controls Healthcheck Assessment** service, which is also listed on G-Cloud. This will allow organisations to quickly identify Fusion security and access controls challenges that need to be addressed.

Alternatively, if your organisation is already using Oracle Fusion Cloud HCM, we recommend our **Oracle Fusion Cloud HCM Security and Controls Healthcheck Assessment** service, which is also listed on G-Cloud. This will allow organisations to quickly identify Fusion security and access controls challenges that need to be addressed.

For ongoing support for Fusion Security and Controls, we recommend our **Oracle Fusion Cloud ERP/HCM Security and Controls Managed Service**, listed on G-Cloud. This includes:

- a quarterly Fusion Security and Controls Healthcheck,
- a quarterly Fusion Security and Controls Release Impact Assessment, and
- suggested security updates for custom Roles that Systems Risk Services has designed for the organisation where new access controls issues or loopholes have been identified.
