Service description

Experience robust Managed Detection and Response (MDR) with 24/7 security including SIEM, EDR, threat intelligence and vulnerability/incident management. Our Managed Detection and Response service ensures continuous monitoring, threat detection and swift incident response, combining automation and expertise to protect against vulnerabilities and secure your environment comprehensively.

- React to Cyber Incidents within fast Service Level Agreements
- Can provide Incident Management, SIEM, SOAR, and Threat Intelligence tools
- Establish a Managed Detection and Response (MDR) Project
- Outsource Managed Detection and Response capabilities to experienced security analysts
- Quickly establish a 24/7x365 Managed Detection and Response capability
- Can receive Log data directly from various systems for analysis
- Run workshops to capture requirements and identify MoSCoW
- Threat Intelligence and Threat Hunting to identify incidents faster
- Monitor hybrid cloud operations and/or data centres
- Security analysts with extensive experience

- Translate complex Cyber Security requirements into practical deliverables and protection
- Cost-effective compared to full-time appointment
- BPSS & SC Security Analysts for Managed Detection and Response
- Implement a 24/7x365 Managed Detection and Response against Cyber Threats
- Fully qualified and experienced Cyber Security Project Team
- Establish a Project to define, document, and capture MDR requirements
- Services led by CCP Lead Security Architect
- Can support with implementing Play Books and Incident Management Processes
- Proactive monitoring and analysis that spots misuse and security threats
- Service can be tailored to meet your specific requirements

IASME certifications

Delivering **people-focused** outcomes through **innovation**

Goaco has delivered for the public and private sectors across the globe

Delivering excellence for over 15 years

Our Services

UCD User-Centered Design

Our User-Centred Design approach starts by understanding the root problem and what users truly need. Through user research, service design, and clear content, we create journeys that feel natural and accessible. It's not about trends, it's about meaningful outcomes and experiences that genuinely help.

Digital Delivery

As a delivery partner with your organisation, our service is primarily outcomes based, implementing products and services across portfolios & programmes in an iterative manner (Agile & Waterfall) with a focus on the benefits.

Cyber Security

Goaco partner with public & private sector organisations, protecting them from the threat of known and unknown security threats. We help you to develop security maturity, become certified, conduct security/penetration testing and protect from cyber-attacks 24x7.

Data

Goaco's Data Services span the full lifecycle from collection and management to advanced analytics and AI-driven insights. Ensuring accuracy, security, and scalability, we help businesses make smarter decisions, modernise operations, and drive growth.

Cloud

Our service offerings involve transforming your organisation to use the Cloud across Google Cloud, MS Azure and AWS, embedding automation (infrastructure-as-code) for cost-saving, and monitoring and management of your infrastructure for efficiency.

Artificial Intelligence

At Goaco we enable businesses to harness AI to transform how they operate, compete, and grow. Our AI Services span assessment, strategy, design, and implementation covering automation, predictive analytics, generative AI, and custom machine learning solutions.

Managed Services

Goaco's ITIL aligned support team works around the clock to keep your IT running at peak performance levels, using industry leading tools to constantly improve and ensure you are in safe hands.

Software Development

Goaco provide you with tech-agnostic custom, Web, App (mobile) and Low/No code (DynamicsCRM/PowerApps) development from design, build, launch & management. We embed as a development partner providing you the value of leveraging our experience.

Personnel clearance levels (UK)

At a minimum, our UK personnel hold a Government approved BPSS clearance.

Our Penetration Testers and Cyber Security consultants hold a minimum of Security Clearance vetted with the Ministry of Defence (UK Government). For SECRET, personnel with DV Clearance are available, which is the highest level across the UK Government.

International branches are covered by the same principles as BPSS, including identity verification, references and criminal record checks.

This is the value we bring to other regions and countries, with the assurance of personnel accessing sensitive data.

Our partnerships

Our values

Equality

We continually review our **promotion** of inclusivity, **diversity** and lifelong **learning**.

Integrity

Honesty and **integrity** have built a culture of trust and openness within the Goaco network.

Unity

We **recognise** the **power** of **diversity** and difference in a **team** to learn and grow as individuals and an organisation.

Respect

Respecting others **boundaries**, opinions and **skill sets** is **important** to us at the core of our **company culture**.

Excellence

We take pride in delivering **excellence** in everything we do and **expect** the same **passion** and drive from our colleagues.

Our culture

Behind every success story, innovation and milestone achieved, there are dedicated individuals who go above and beyond to make it happen.
