Service description

Fully-managed Security Operations Centre (SOC) solution. Our Security Operations Centre (SOC) capabilities provide threat detection, response, containment and remediation for critical Digital Services. Our SOC Cyber Incident Response (CIR) capability feeds integrates with internal Operations creating an overarching Security Operations Centre (SOC) for 24/7x365 Managed Detection and Response (MDR) capability.

- Security Operations Centre (SOC) strategy, design, build and manage 24x7
- A CyberOps Security Operations Centre (SOC) platform with event optimisation
- Optimised threat-detection with proactive human threat-hunting and advanced behavioural analytics
- Threat disruption/containment (SOAR) with emergency support for priority incidents
- 24x7 Red team cyber intelligence with opensource and proprietary feeds
- External and internal network scanning with SC Clearance (or above)
- Cloud monitoring, including AWS, Azure, Google Cloud, Heroku and Hybrid
- 24/7 network and endpoint monitoring Alert triage, analysis and investigation
- Microsoft 365 Security, Azure Sentinel toolsets, Google Chronicle etc
- Security Operations Centre (SOC) setup: Cyber IT health check assessment

- **24/7x365 Security Operations Centre (SOC) managing Cyber Threats**
- **Ongoing management, SOC monitoring and integration with your service desk**
- **Weekly Security Operations Centre (SOC) service reports and SLA reviews**
- **Experienced Cyber Security Analyst team, ISO9001, ISO27001, ISO14001, ISO20000**
- **ISO 27001:2013, Cyber Essentials Plus, experienced NCSC and ITIL practitioners**
- **Reduced security risk and impact of incidents**
- **Full system deployment and configuration (turnkey technology stack)**
- **Cost-efficient SOC-as-a-service with full managed SIEM solution**
- **Bespoke dashboard for your Security Operation Centre 24/7**
- **Project Management: Security Operations Centre (SOC), device management, network monitoring**

IASME certifications

Delivering **people-focused** outcomes through **innovation**

Goaco has delivered for the public and private sectors across the globe

Delivering excellence for over 15 years

Our services

UCD User-Centered Design

Our User-Centred Design approach starts by understanding the root problem and what users truly need. Through user research, service design, and clear content, we create journeys that feel natural and accessible. It's not about trends, it's about meaningful outcomes and experiences that genuinely help.

Digital Delivery

As a delivery partner with your organisation, our service is primarily outcomes based, implementing products and services across portfolios & programmes in an iterative manner (Agile & Waterfall) with a focus on the benefits.

Cyber Security

Goaco partner with public & private sector organisations, protecting them from the threat of known and unknown security threats. We help you to develop security maturity, become certified, conduct security/penetration testing and protect from cyber-attacks 24x7.

Data

Goaco's Data Services span the full lifecycle from collection and management to advanced analytics and AI-driven insights. Ensuring accuracy, security, and scalability, we help businesses make smarter decisions, modernise operations, and drive growth.

Cloud

Our service offerings involve transforming your organisation to use the Cloud across Google Cloud, MS Azure and AWS, embedding automation (infrastructure-as-code) for cost-saving, and monitoring and management of your infrastructure for efficiency.

Artificial Intelligence

At Goaco we enable businesses to harness AI to transform how they operate, compete, and grow. Our AI Services span assessment, strategy, design, and implementation covering automation, predictive analytics, generative AI, and custom machine learning solutions.

Managed Services

Goaco's ITIL aligned support team works around the clock to keep your IT running at peak performance levels, using industry leading tools to constantly improve and ensure you are in safe hands.

Software Development

Goaco provide you with tech-agnostic custom, Web, App (mobile) and Low/No code (DynamicsCRM/PowerApps) development from design, build, launch & management. We embed as a development partner providing you the value of leveraging our experience.

Personnel clearance levels (UK)

At a minimum, our UK personnel hold a Government approved BPSS clearance.

Our Penetration Testers and Cyber Security consultants hold a minimum of Security Clearance vetted with the Ministry of Defence (UK Government). For SECRET, personnel with DV Clearance are available, which is the highest level across the UK Government.

International branches are covered by the same principles as BPSS, including identity verification, references and criminal record checks.

This is the value we bring to other regions and countries, with the assurance of personnel accessing sensitive data.

Our partnerships

Our values

Equality

We continually review our **promotion** of inclusivity, **diversity** and lifelong **learning**.

Integrity

Honesty and **integrity** have built a culture of trust and openness within the Goaco network.

Unity

We **recognise** the **power** of **diversity** and difference in a **team** to learn and grow as individuals and an organisation.

Respect

Respecting others **boundaries**, opinions and **skill sets** is **important** to us at the core of our **company culture**.

Excellence

We take pride in delivering **excellence** in everything we do and **expect** the same **passion** and drive from our colleagues.

Our culture

Behind every success story, innovation and milestone achieved, there are dedicated individuals who go above and beyond to make it happen.

One Team

Company Socials

Creating Opportunities

Valuing Diversity
