Service description

Elevate your cybersecurity standards with Goaco's Cyber Security Improvement service. Our comprehensive approach includes risk-rated maturity assessments aligned with recognised frameworks (e.g. NIST, ISO27001 etc). The improvements include clear roadmaps for remediation, implementing effective cyber security programmes based on industry best-practices. We guide cyber security improvement strategy, governance & architecture.

- Deploy full transformation teams for security improvement programmes
- Agile, flexible resource deployment for adaptive security enhancement
- Provide programme, project planning support with applied governance oversight
- Apply practical tooling skills across various technologies, platforms, service areas
- Assist with Business Case production using practitioner-level options analysis
- Develop Security Target Operating Model, transition to operations with expertise
- Govern security, cloud transformation programmes across multiple sectors efficiently
- Conduct cyber security risk assessments using various frameworks
- NIST CSF, ISO27000 series, CAF, NIS Regulations Maturity Assessment
- Benchmark cyber security controls against peer organisations for comparison

- Enhance cyber security risk identification, management processes
- Assess cyber security status, offer improvement recommendations
- Benchmark cyber security controls against industry peers for comparison
- Define desired cyber security state for effective planning
- Prioritise improvement plan based on clear, prioritised recommendations
- Develop cyber security strategy, business case for comprehensive approach
- Identify gaps in cyber security artefacts for enhanced protection
- Define cyber security governance model for efficient oversight
- Address gaps in critical controls to bolster security posture
- Establish monitoring mechanisms to ensure adherence to plan

IASME certifications

Delivering people-focused outcomes through innovation

Goaco has delivered for the public and private sectors across the globe

Delivering excellence for over 15 years

Our Services

UCD User-Centered Design

Our User-Centred Design approach starts by understanding the root problem and what users truly need. Through user research, service design, and clear content, we create journeys that feel natural and accessible. It's not about trends, it's about meaningful outcomes and experiences that genuinely help.

Digital Delivery

As a delivery partner with your organisation, our service is primarily outcomes based, implementing products and services across portfolios & programmes in an iterative manner (Agile & Waterfall) with a focus on the benefits.

Cyber Security

Goaco partner with public & private sector organisations, protecting them from the threat of known and unknown security threats. We help you to develop security maturity, become certified, conduct security/penetration testing and protect from cyber-attacks 24x7.

Data

Goaco's Data Services span the full lifecycle from collection and management to advanced analytics and AI-driven insights. Ensuring accuracy, security, and scalability, we help businesses make smarter decisions, modernise operations, and drive growth.

Cloud

Our service offerings involve transforming your organisation to use the Cloud across Google Cloud, MS Azure and AWS, embedding automation (infrastructure-as-code) for cost-saving, and monitoring and management of your infrastructure for efficiency.

Artificial Intelligence

At Goaco we enable businesses to harness AI to transform how they operate, compete, and grow. Our AI Services span assessment, strategy, design, and implementation covering automation, predictive analytics, generative AI, and custom machine learning solutions.

Managed Services

Goaco's ITIL aligned support team works around the clock to keep your IT running at peak performance levels, using industry leading tools to constantly improve and ensure you are in safe hands.

Software Development

Goaco provide you with tech-agnostic custom, Web, App (mobile) and Low/No code (DynamicsCRM/PowerApps) development from design, build, launch & management. We embed as a development partner providing you the value of leveraging our experience.

Personnel clearance levels (UK)

At a minimum, our UK personnel hold a Government approved BPSS clearance.

Our Penetration Testers and Cyber Security consultants hold a minimum of Security Clearance vetted with the Ministry of Defence (UK Government). For SECRET, personnel with DV Clearance are available, which is the highest level across the UK Government.

International branches are covered by the same principles as BPSS, including identity verification, references and criminal record checks.

This is the value we bring to other regions and countries, with the assurance of personnel accessing sensitive data.

Our partnerships

Our values

Equality

We continually review our **promotion** of inclusivity, **diversity** and lifelong **learning**.

Integrity

Honesty and **integrity** have built a culture of trust and openness within the Goaco network.

Unity

We **recognise** the **power** of **diversity** and difference in a **team** to learn and grow as individuals and an organisation.

Respect

Respecting others **boundaries**, opinions and **skill sets** is **important** to us at the core of our **company culture**.

Excellence

We take pride in delivering **excellence** in everything we do and **expect** the same **passion** and drive from our colleagues.

Our culture

Behind every success story, innovation and milestone achieved, there are dedicated individuals who go above and beyond to make it happen.
