Service description

Goaco provides DSaaS utilising industry-standard Team Data Science Processes (TDSP) and aligning methodologies with the DDaT Framework. Our agile approach assesses data landscapes, swiftly identifying opportunities and improvements. We offer flexible, scalable delivery, mobilising high-calibre teams on-demand to supplement internal capabilities, meeting the growing demand for accurate and usable data.

- Customised data analysis tailored to organisational objectives and requirements.
- Access to advanced machine learning algorithms for predictive analytics.
- Flexible pricing models to accommodate varying project sizes and scopes.
- Expert data scientists and analysts dedicated to project success.
- Seamless integration with existing data infrastructure and analytics tools.
- Scalable solutions to handle large datasets and growing analytical demands.
- Regular updates and improvements on evolving business needs and insights.
- Comprehensive data visualisation for clear interpretation and decision-making.
- Secure data handling practices to maintain confidentiality and compliance.
- Ongoing support and maintenance to ensure sustained performance and value.

Service **benefits**

- Informed decision-making drives strategic growth and competitive advantage.
- Predictive analytics identifies opportunities and risks for proactive management.
- Cost-effective solutions reduce upfront investment and overheads.
- Access to specialised expertise accelerates project timelines and outcomes.
- Integration streamlines workflows and enhances operational efficiency.
- Scalability future-proofs analytics capabilities for long-term success.
- Agility enables organisations adapt quickly to market changes and trends.
- Visualisation improves data understanding and enhances communication.
- Security measures instil confidence and trust in data handling processes.
- Support and maintenance ensure continued success and ROI.

Our certifications

Our certifications are recognised **globally**

Goaco are proudly certified to:
ISO 9001, ISO 4001, ISO 27001 & ISO 20000

IASME certifications

Delivering **people-focused** outcomes through **innovation**

Goaco has delivered for the public and private sectors across the globe

Delivering excellence for over 15 years

Our Services

UCD User-Centered Design

Our User-Centred Design approach starts by understanding the root problem and what users truly need. Through user research, service design, and clear content, we create journeys that feel natural and accessible. It's not about trends, it's about meaningful outcomes and experiences that genuinely help.

Digital Delivery

As a delivery partner with your organisation, our service is primarily outcomes based, implementing products and services across portfolios & programmes in an iterative manner (Agile & Waterfall) with a focus on the benefits.

Cyber Security

Goaco partner with public & private sector organisations, protecting them from the threat of known and unknown security threats. We help you to develop security maturity, become certified, conduct security/penetration testing and protect from cyber-attacks 24x7.

Data

Goaco's Data Services span the full lifecycle from collection and management to advanced analytics and AI-driven insights. Ensuring accuracy, security, and scalability, we help businesses make smarter decisions, modernise operations, and drive growth.

Cloud

Our service offerings involve transforming your organisation to use the Cloud across Google Cloud, MS Azure and AWS, embedding automation (infrastructure-as-code) for cost-saving, and monitoring and management of your infrastructure for efficiency.

Artificial Intelligence

At Goaco we enable businesses to harness AI to transform how they operate, compete, and grow. Our AI Services span assessment, strategy, design, and implementation covering automation, predictive analytics, generative AI, and custom machine learning solutions.

Managed Services

Goaco's ITIL aligned support team works around the clock to keep your IT running at peak performance levels, using industry leading tools to constantly improve and ensure you are in safe hands.

Software Development

Goaco provide you with tech-agnostic custom, Web, App (mobile) and Low/No code (DynamicsCRM/PowerApps) development from design, build, launch & management. We embed as a development partner providing you the value of leveraging our experience.

Personnel clearance levels (UK)

At a minimum, our UK personnel hold a Government approved BPSS clearance.

Our Penetration Testers and Cyber Security consultants hold a minimum of Security Clearance vetted with the Ministry of Defence (UK Government). For SECRET, personnel with DV Clearance are available, which is the highest level across the UK Government.

International branches are covered by the same principles as BPSS, including identity verification, references and criminal record checks.

This is the value we bring to other regions and countries, with the assurance of personnel accessing sensitive data.

Our partnerships

Our values

Equality

We continually review our **promotion** of inclusivity, **diversity** and lifelong **learning**.

Integrity

Honesty and **integrity** have built a culture of trust and openness within the Goaco network.

Unity

We **recognise** the **power** of **diversity** and difference in a **team** to learn and grow as individuals and an organisation.

Respect

Respecting others **boundaries**, opinions and **skill sets** is **important** to us at the core of our **company culture**.

Excellence

We take pride in delivering **excellence** in everything we do and **expect** the same **passion** and drive from our colleagues.

Our culture

Behind every success story, innovation and milestone achieved, there are dedicated individuals who go above and beyond to make it happen.

One Team

Company Socials

Creating Opportunities

Valuing Diversity

Generating Solutions
