1. SERVICE OVERVIEW

Morae Discover is offered through OfficeLabs' Information Management as a Service (IMaaS) capability, addressing the critical need for compliant and secure information governance in today's data-intensive environment.

Morae Discover provides scalable software solutions designed to navigate the complexities of managing vast quantities of essential business information, balancing its value against potential risks. The service includes a comprehensive suite of tools for sensitive data discovery, ROT cleanup, eDiscovery, legal holds, and email compliance.

OfficeLabs is an authorised reseller and implementation partner for Gimmel (a Morae company). Pricing includes G-Cloud contractual assurance, onboarding coordination, and alignment with Microsoft 365 estates.
