1. SERVICE OVERVIEW

Klyra Shield is a browser extension that protects teams using cloud AI tools. It scans prompts before they leave the network, blocks sensitive data, and provides a compliance dashboard for administrators.

Designed for organisations that want to enable AI adoption while maintaining control over sensitive information, Klyra Shield provides real-time governance without disrupting user workflows.

OfficeLabs is an authorised reseller and support provider for Klyra products. Pricing includes G-Cloud contractual assurance and support coordination.

Features

Real-time Prompt Scanning: Automatic detection of sensitive data in AI prompts before they leave the network.

Data Blocking: Configurable policies to block or redact confidential information from being sent to AI services.

Compliance Dashboard: Admin console with usage analytics, policy violations, and audit trails.

Policy Configuration: Customisable rules for different data types, user groups, and AI services.

Rapid Deployment: Browser extension deployment with minimal IT overhead.

Ongoing Updates: Continuous updates to detection capabilities and supported AI services.

Subscription Pricing

Annual subscription pricing by organisation size:

Tier	Users	Annual Price
Small Team	Up to 25 users	£6,500
Professional	Up to 50 users	£13,000
Enterprise	Up to 100 users	£26,500
Enterprise Plus	Up to 250 users	£65,000

Volume pricing for deployments exceeding 250 users is available on request.

Support

All subscriptions include standard support: email support during UK business hours (Monday to Friday, 9am to 5pm), software updates, and access to documentation and resources.

Enhanced support options are available under separate Cloud Support service listings.

Educational Discount

A discount is available for educational institutions. Please contact OfficeLabs to discuss eligibility and obtain a quotation.

Notes

All prices are exclusive of VAT at the prevailing rate (currently 20%).

Subscriptions are billed annually in advance.

Prices are valid for the G-Cloud 15 framework period and are subject to annual review.

At contract end, customers retain full ownership of their data. Data export is provided at no additional cost.

Please contact OfficeLabs to discuss requirements and obtain a formal quotation.
