Pricing Detail

Overview

Amberjack Global Ltd.'s solutions are priced in two parts, implementation fees and licensing fees.

1. Implementation Fees

All of Amberjack's solutions can be implemented quickly and can be purchased as a standardised solution or as a completely tailored solution customised to your requirements. Implementation includes project management, requirement gathering, configuration, UAT and training for the solution.

Amberjack's core solutions can be implemented for as little as;

- Candidate Management Platform £0 - included in licence
- Digital Assessment Centre Module £3,648
- Online Assessment Module £1,000

The time and cost of implementing each solution is discussed in collaboration with the client, considering the volumes, complexity, level of customisation, integrations etc. Any additional work required is then calculated in days based on Amberjack's daily rates.
